

Low Carbon NK Charter

We are committed to working together
to create a low-carbon, sustainable North Kesteven

We will work together to build a prosperous district
for high technology, smart services and the other elements of a sustainable local economy in which all can share

We will make North Kesteven a leading district
for reducing carbon emissions and tackling climate change

We will champion local people
who are trying to reduce their carbon footprint

We are collectively committed to:

- Reducing our carbon footprint across all of our sites and operations in North Kesteven
- Creating a low carbon, sustainable economy in North Kesteven which will be an example to others across the country
- Creating more green jobs, increasing prosperity and opportunity for all
- Supporting a programme of best practice and sustainable innovations
- Reporting each year on the progress we are making

We the undersigned are committed to the objectives laid out in this charter.
