

09North Kesteven District Council – Monitoring of Growth in Villages – 20/06/2022

The following table provides the latest position on the growth occurring in Central Lincolnshire villages in accordance with policies LP2 and LP4 of the Local Plan as at 20/06/2022.

Policy LP4 gives a strategic steer as to what level of growth over the plan period is appropriate for all small and medium villages (as identified in the Settlement Hierarchy in Policy LP2). Policy LP4 does not limit development absolutely but clarifies the anticipated level of growth for each settlement. Where a proposed development would exceed the identified growth level, in conjunction with other developments built since April 2012, other extant committed (permitted) growth and any sites allocated in the Local Plan, it will be expected to be accompanied by clear evidence of appropriate levels of community support or supported by either allocations or policies in an adopted Neighbourhood Plan. Please see policy LP4 of the Local Plan for full details.

This monitoring note includes a detailed breakdown of growth occurring in the small and medium villages in North Kesteven and includes the latest position on permissions and completions that have occurred along with the remaining growth level for each village.

Please note:

The settlement totals are contained in the row which includes the settlement name in **bold text** in the first column with individual application details provided in the rows beneath in *italicised text*.

All figures are net and take account of any dwellings lost through demolition and change of use from residential to another use. Where the figure for a permission is a negative number, this is because the permission results in a loss of dwellings.

Where a permission is shown in ~~red and is crossed through~~, this indicates a permission which has now lapsed and has been removed from the totals.

Settlement Name / App. Ref. <i>(where a figure is shown in brackets, a higher number of dwellings can be implemented with an earlier permission – until scheme with lower number of dwellings is delivered, the higher figure is included)</i>	Baseline number of dwellings	Growth level	Growth allowance (in dwellings)	Total dwellings permitted	Dwellings completed pre 2012	Dwellings completed between 2012 & March 2021	Outstanding dwellings with permission	Date of decision	Remaining growth
