1.0 Introduction

- 1.1** The Town and Country Planning (Local Planning) (England) Regulations 2012, Regulation 34 requires Local Planning Authorities to produce an Authority Monitoring Report (AMR). This AMR is structured around meeting the requirements of Regulation 34.
- 1.2** Compliance with this Regulation builds on the monitoring reports produced and published for the District historically between 2005 and 2016 under the title 'Annual Monitoring Report'
- 1.3** During this monitoring period, the Authority, along with its partner authorities, City of Lincoln Council and West Lindsey District Council, has adopted the Central Lincolnshire Local Plan. This document sets out the strategic planning policies for the area, including the housing requirement, and growth distribution.
- 1.4** For the purposes of this 2019/20 monitoring report, the following key documents relevant during this period will be referenced:
- **Central Lincolnshire Local Plan Adopted April 2017**
 - **Central Lincolnshire Local Development Scheme (LDS) 2020**
- The above documents are available to view at the Central Lincolnshire Local Plan website www.central-lincs.org.uk and www.n-kesteven.gov.uk
- 1.5** The source of the information used in this report is North Kesteven District Council unless otherwise stated.
- 1.6** This AMR covers the period 1st April 2019 to 31st March 2020.

Key findings of this Monitoring Report

Reviewing all of the Sleaford documents and studies, it is clear that the town has a number of continuing challenges that consistently arise. These need to be tackled if the town is to remain a thriving and vibrant sustainable settlement that meets the needs of its residents and businesses as well as accommodating the growth identified in the adopted Central Lincolnshire Local Plan. These challenges can be summarised below:

1.7 The following summarise the key findings of this AMR:

► **During 2019/20 progress on the Central Lincolnshire Local Plan is summarised as follows:**

- The 2012-2036 Central Lincolnshire Local Plan was adopted by the Central Lincolnshire Joint Strategic Planning Committee on 24th April 2017.

► **During the monitoring period:**

- 758 new homes were completed (net);
- There were 236 affordable housing completions (gross);
- At 31st March 2020, North Kesteven has a deliverable housing supply of 4,306 dwellings;
- 16,156 square metres of new employment floor space was completed;
- 4,034.4 square metres of development was completed for town centre uses;
- There is a total area of 120.72 hectares of land designated as Local Nature Reserves in North Kesteven;
- There are six Sites of Special Scientific Interest totalling an area of 150.02 hectares. 66.6% of this land is in favourable or unfavourable but recovering condition;
- There are 157 Local Wildlife Sites and eight Local Geological Sites with 37% of these locally designated sites in positive conservation management status.

Detailed Portrait of North Kesteven

- 1.8** Detailed information on topics such as population, households, economy, health and education can be found in the District Area profiles published by the Lincolnshire Research Observatory <http://www.research-lincs.org.uk/area-profiles.aspx>

Location

- 1.9** North Kesteven is one of seven districts located in the centre of Lincolnshire and covers an area of 356 square miles. The district is characterised by small settlements and large areas of arable farmland. There are many small villages and several larger service villages. The main concentration of residents are located however in the market town of Sleaford, with a population of over 17,000 and North Hykeham, which adjoins the neighboring City of Lincoln.

Population

- 1.10** The table below sets out countywide information on population change. There has been a 0.71% increase in population between 2018 and 2019 according to the Office for National Statistics (ONS) mid-year estimates. This is higher than the increase of 0.7% last year. An estimated rise from 108,500 in 2011 to 116,915 in 2019 is recorded for North Kesteven.

2.0 Authority Monitoring Reports and the Local Planning Regulations 2012

Regulation 34(1) – Local Plan and Supplementary Planning Document (SPD) Progress

34. (1) A local planning authority's monitoring report must contain the following information—
- (a) the title of the local plans or supplementary planning documents specified in the local planning authority's local development scheme;
 - (b) in relation to each of those documents—
 - (i) the timetable specified in the local planning authority's local development scheme for the document's preparation;
 - (ii) the stage the document has reached in its preparation; and
 - (iii) if the document's preparation is behind the timetable mentioned in paragraph (i) the reasons for this; and
 - (c) where any local plan or supplementary planning document specified in the local planning authority's local development scheme has been adopted or approved within the period in respect of which the report is made, a statement of that fact and of the date of adoption or approval.

- 2.1** A Local Development Scheme (LDS) is the project plan setting out the timetable for the delivery of any Development Plan Documents (DPD) or 'Local Plans' for an area that the Local Planning Authority intends to produce. Since the establishment of the Central Lincolnshire Joint Planning Committee in 2011 the District has been working jointly with neighbouring Districts, Lincoln City Council and West Lindsey District Council to produce a Joint Local Plan.
- 2.2** The 2012-2036 Central Lincolnshire Local Plan was adopted by the Central Lincolnshire Joint Strategic Planning Committee on 24th April 2017.
- 2.3** On 14 January 2019 the Central Lincolnshire Joint Strategic Planning Committee approved a review of the 2012-36 Central Lincolnshire Local Plan and a new LDS was adopted, replacing the 2017 LDS.
- 2.4** This 2020 Central Lincolnshire LDS sets out the timetable for any DPDs to be prepared for the period 2019 to 2022. It explains the key stages in the preparation of the revised Local Plan (see Table 2).

Table 2 – September 2020 Local Development Scheme Local Plan Review Stages

Stage	Description	Date stage will/is to take place
Public Participation (Regulation 18)	Opportunities for interested parties and statutory consultees to consider the options for the plan before the final document is produced. This stage can involve one or more public consultation rounds. We intend two rounds for the Central Lincolnshire Local Plan	June-July 2019 & January-February 2021
Pre-submission Publication (Regulation 19)	The Joint Committee publishes the Local Plan which is followed with a 6 week period when formal representations can be made on the Local Plan	June-July 2021
Submission (Regulation 22)	The Joint Committee submits the Local Plan to the Secretary of State together with the representations received at Regulation 19 stage	August 2021
Independent Examination Hearing	Held by a Planning Inspector into objections raised at Regulation 19 stage on the Local Plan	September 2021-February 2022 (estimate: dates set by inspector)
Inspector's Report Issued	This will report whether the Plan is 'sound' or 'not sound'. The Inspector may make recommendations to make the plan 'sound'	March 2022 (estimate)
Adoption of the DPD (Local Plan)	Final stage, the Council will formally need to adopt the Local Plan and it will then be used in making planning decisions	April 2022 (dependent on timescales for examination)

Regulation 34(2) Non-Implementation of a Policy

34. (2) Where a local planning authority are not implementing a policy specified in a local plan, the local planning authority's monitoring report must—

- (a) identify that policy; and
- (b) include a statement of—
 - (i) the reasons why the local planning authority are not implementing the policy; and
 - (ii) the steps (if any) that the local planning authority intend to take to secure that the policy is implemented.

2.5 The Council is implementing all policies in the Central Lincolnshire Local Plan and carrying out the monitoring of these policies each financial year, since the adoption of the plan.

3.0 Housing in North Kesteven

Regulation 34(3) – Net Additional Dwellings

34. (3) Where a policy specified in a local plan specifies an annual number, or a number relating to any other period of net additional dwellings or net additional affordable dwellings in any part of the local planning authority's area, the local planning authority's monitoring report must specify the relevant number for the part of the local planning authority's area concerned—

- (a) in the period in respect of which the report is made, and
- (b) since the policy was first published, adopted or approved.

- 3.1** The Local Plan identifies a total of 36,960 dwellings to be completed during the Plan period across the whole of the Central Lincolnshire area with an annual net completion figure set at 1,540 dwellings per year. This figure however is for all three Districts that make up the Central Lincolnshire Local Plan area and is not separated out at District level.
- 3.2** It is confirmed that 758 net additional dwellings were completed in the monitoring period and in terms of affordable dwellings, 236 (gross) were completed.
- 3.3** It is not currently possible to monitor net affordable dwellings completed, as data is not available for affordable dwelling losses and indirect gains. By its nature such data is difficult to collect as the Local Authority is not notified of conversions to a non-affordable dwelling or vice versa as a matter of course. The Authority does however have data on council house losses from stock through the 'Right to Buy' which is shown in Table 9.
- 3.4** In respect of Regulation 34(3)(b), the net cumulative total and annual average completions since 2012/13 is also set out.
- 3.5** Over the past few years significant time and resources has been invested to improve the monitoring processes and work has been done to make sure that the data contained within the five year land supply report is up to date and accurate. Therefore the net housing figures reported have been altered to reflect this additional work carried out to ensure that the data and evidence base is effective and accurate. The figures published in relation to housing provision in the previous reports should therefore be replaced with the data provided in this report.

Table 3 – North Kesteven net dwelling completion totals

Please note – Figures in brackets are those previously reported, however following extensive work on the monitoring processes, the figures in bold are the corrected figures and should be utilised.

Net dwelling completion totals	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19	2019/20

Gypsy and Traveller Pitches

- 3.6** The Central Lincolnshire Gypsy and Travellers Accommodation Assessment 2013 summarises accommodation needs in Central Lincolnshire and North Kesteven. Seven additional pitches within North Kesteven were identified as being required in the first five years (2013-2018). Monitoring information relates to the delivery of pitches for gypsy and traveller families. For the purposes of monitoring, a pitch is defined as an 'area of land demarked for the use as accommodation by a single gypsy and traveller household, sometimes including extended families which may require space, within one pitch, to provide for more than one caravan.' (Core Output Indicators - Update 2/2008).
- 3.7** Table 7 details the net total number of pitches available for use in North Kesteven since 2012/13. For the 2019/20 monitoring period there were no additional pitches granted planning permission in the district.

Table 7 – Gypsy and traveller and travelling show people pitches in North Kesteven

Net pitches for gypsy and traveller granted planning permission	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19	2019/20	Current total
Permanent planning permission	0	0	0	0	0	0	0	0	28
Temporary planning permission	0	0	0	0	0	0	2	0	0
Caravans on travellers own land – 'tolerated'	0	2	2	2	2	2	2	2	2

Affordable Housing Completions (Gross)

- 3.8** Affordable housing is monitored as gross completions (see earlier commentary). Between 1st April 2019 and 31st March 2020 there were 236 affordable dwelling completions which represents 31% of total net dwelling completions in that year.
- 3.9** Table 8 sets out affordable housing completions over the past eight years.

Table 8 – Affordable Housing Completions (Gross) 2012-

Please note – Figures in brackets are those previously reported, however following extensive work on the monitoring processes, the figures in bold are the corrected figures and should be utilised.

Gross affordable dwellings completed	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19	2019/20
Total net number of all dwellings completed	348 (322)	379 (239)	458 (447)	473	468	577	698	758
Gross number of affordable dwellings completed	148	15	88	76	101	105	147	236
Percentage of total dwellings completed that are affordable	42 (46)	4 (6)	19.2 (19.7)	16.1	21.6	18.2	21.1	31.1

Right to Buy Sales

3.10 North Kesteven District Council currently owns 3,839 homes. 20 properties have been sold during the monitoring period under the Right to Buy scheme.

Table 9 – Right to buy sales of publically owned housing stock in North Kesteven

Right to buy sales	Total stock	Gross right to buy sales	Cumulative right to buy sales
2012/13	3832	18	18
2013/14	3828	17	35
2014/15	3830	10	45
2015/16	3884	25	70
2016/17	3869	28	98
2017/18	3851	34	132
2018/19	3833	26	158
2019/20	3839	20	178

Housing Land Supply in North Kesteven

3.11 At 31st March 2020, North Kesteven has a deliverable housing supply of 4,306 dwellings. This figure identifies the number of homes expected to be delivered in North Kesteven leading up until end of March 2025.

3.12 The Central Lincolnshire Five Year Land Supply Report for 1 April 2021 to 31 March 2026 was published in November 2020. This confirms that Central Lincolnshire has 5.44 years of housing supply. The five year land supply report can be viewed on the Central Lincolnshire Local Plan website at <https://www.n-kesteven.gov.uk/central-lincolnshire/planning-policy-library>

Regulation 34(4) – Neighbourhood Planning

34. (4) Where a local planning authority have made a neighbourhood development order or a neighbourhood development plan, the local planning authority's monitoring report must contain details of these documents.

3.13 During the monitoring period, no new Neighbourhood Plans have been adopted. All Neighbourhood Plans can be found online at <https://www.n-kesteven.gov.uk/residents/living-in-your-area/localism-your-community/neighbourhood-plans>

Work is continuing on Bracebridge Heath, Branston & Mere, Silk Willoughby, Dorrington, Scopwick & Kirkby Green, Leasingham & Roxholm, Eagle and Sleaford & Kirkby La Thorpe Neighbourhood Plans, all of which have an area designated. Sleaford Town Council have since notified the District Council of their proposal to designate their Neighbourhood Plan Area to Sleaford only.

Table 10 – Neighbourhood Plans 2019/20

Monitoring year	Number of Neighbourhood Plan areas designated	Total Number of Neighbourhood Plan areas designated	Number of Neighbourhood Plans adopted
2012/13	1	1	0
2013/14	1	2	0
2014/15	5	7	0
2015/16	3	10	1
2016/17	4	14	1 (this was reported as 2 last year, but figure was incorrect)
2017/18	0	14	4
2018/19	2	16	2
2019/20	0	16	0

Table 11 reports that £1,261,453.88 was collected from developers during 2019/20. Throughout this reporting year, £542,558.57 was released to Lincolnshire County Council's highways and education departments and to various parish councils for highways and education provisions.

Table 11 – S106 monies collected and released during 2019/20

Infrastructure item	Amount collected (£)	Amount released (£)
POS including play equipment or maintenance	161,589.18	0
Education	904,350.53	92,987.84
Highways	93,132.31	433,977.93
NHS	98,381.86	15,592.80
Affordable housing	0	0
Other (non-compliance with HGV routing agreement)	4,000.00	0
Total	1,261,453.88	542,558.57

Regulation 62(4) – Community Infrastructure Levy (CIL)

34. (5) Where a local planning authority have prepared a report pursuant to regulation 62 of the Community Infrastructure Levy Regulations 2010(2), the local planning authority's monitoring report must contain the information specified in regulation 62(4) of those Regulations:

- (a) the total CIL receipts for the reported year;
- (b) the total CIL expenditure for the reported year;
- (c) summary details of CIL expenditure during the reported year including—
 - (i) the items of infrastructure to which CIL (including land payments) has been applied,
 - (ii) the amount of CIL expenditure on each item,
 - (iii) the amount of CIL applied to repay money borrowed, including any interest, with details of the infrastructure items which that money was used to provide (wholly or in part),
 - (iv) the amount of CIL applied to administrative expenses pursuant to regulation 61, and that amount expressed as a percentage of CIL collected in that year in accordance with that regulation; and
- (d) the total amount of CIL receipts retained at the end of the reported year.

3.14 For the purpose of Regulation 64(2), it is confirmed that the Authority has adopted CIL.

The CIL charging regime came into force in North Kesteven on 22nd January 2018. For 2019/20 the following income and expenditure is recorded:

- Total CIL liability was £1,047,629.71;
- Total CIL receipt was £598,513.30;
- Total CIL expenditure was £99,455.28p;
- Total CIL receipts retained at the end of the financial year £499,058.02p.

Regulation 34(6) – Duty to Cooperate

34. (6) Where a local planning authority have co-operated with another local planning authority, county council, or a body or person prescribed under section 33A of the Act, the local planning authority's monitoring report must give details of what action they have taken during the period covered by the report.

Duty to Cooperate: joint plans or other applicable strategies

- 3.15** The 'Duty to Cooperate' requires Local Planning Authorities and prescribed public bodies to work together, through engaging constructively, actively, and on an ongoing basis, with regard to strategic matters and supporting activities that relate to the preparation of development plan documents. A strategic matter is defined as sustainable development or use of land or infrastructure that has or would have a significant impact on at least two planning areas.
- 3.16** The NPPF, builds on the requirements of the Localism Act, stating that public bodies have a duty to co-operate on planning issues that cross administrative boundaries.
- 3.17** During the monitoring period the Central Lincolnshire Joint Strategic Planning Committee adopted the Central Lincolnshire Local Plan.
- 3.18** A report on how the production of the Local Plan has been prepared in compliance with the Duty to Cooperate requirement can be downloaded (document E052 and E052a) from the Central Lincolnshire website at www.lincolnshire.gov.uk/central-lincolnshire/planning-policy-library/126952.article

4.0 The Economy in North Kesteven

Additional employment floor space

- 4.1** This indicator relates to the amount of new floorspace completed within the monitoring period.
- 4.2** A piece of secondary legislation groups types of use of premises into classes, so that no planning permission is required if a building is changed from one use to another within the same class. Employment land for the purposes of this monitoring indicator is defined as uses B1, B2 and B8 (see table below for categories).
- 4.3** Table 12 shows the additional floorspace created for employment in North Kesteven over the period from 1st April 2012 to 31st March 2020.
- 4.4** 16,156 square metres of additional employment floorspace was completed during the monitoring period.

Table 12 – additional employment floor space

Amount of employment floorspace developed (sqm)

Mixed	21	100	70	42	7.4	0.5	87.32	1166

Employment Land

- 4.5** 2019/20 saw a total of 4.4ha of employment land developed. This is lower than 2018/19 as a number of significant developments were completed in the Lincoln area, Bracebridge Heath and Metherringham, but comparable to previous years and indeed, the overall amount of B1 and B8 floorspace completed is similar to the previous year
- 4.6** 10 light industrial commercial units were constructed off East Road in Sleaford along with five units and the conversion of an agricultural building at Kirk's Yard in Branston, providing six units for occupation in total.
- 4.7** A number of notable commercial sites remain under construction and completion is anticipated in 20/21. These include mixed use industrial units in Heckington, Sleaford, Witham St Hughs, Network46, Leafbridge and an extension to a processing factory at Branston Potatoes. Relocation of the Lincolnshire and Nottinghamshire Air Ambulance Headquarters is also currently under construction.

Completed floor space for 'town centre uses'

- 4.8** The total amount of floor space developed within the town centre for A1, A2 and D2 is slightly higher than last year. The Coop store on the Sleaford South Sustainable Urban Extension was completed which will hopefully act as a catalyst to other employment delivery on site, particularly as the residential element is being delivered. The Coop store in Heckington was also extended this year. Two large industrial units were converted to a D2 use in Metherringham and on Sleaford Industrial Estate adding to the completed figures also.
- 4.9** The amount of 'employment land available by type' figure has been calculated based on land available in 'Strategic Employment Sites' and 'Established Employment Areas' identified in the adopted Central Lincolnshire Local Plan alongside other sites with planning permission not started in the rest of the district. It is worth noting that East Road, Sleaford, has seen a considerable amount of development recently, and no employment land remains available on the site to the rear of the former Royal Oak Warehouse.

Table 14 – Floor space developed for 'town centre uses'

Town Centre uses developed (A1, A2 & D2) (sqm)								
	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19	2019/20
In Town Centre	859	146	73	846.4	335	1601.7	756	39
Rest of District	323.5	1919	1265	1573	2655.95	37.47	2623.5	3995.4
Total	1182.5	2065	1338	2419.4	2990.95	1639.17	3379.5	4034.4

5.0 The Environment in North Kesteven

European or International Designations

Special Areas of Conservation (SAC)

- 5.1** SACs are sites designated under the EU Habitats Directive (Council Directive 92/43/EEC on the Conservation of Natural Habitats and of Wild Fauna and Flora). North Kesteven contains no areas of land covered by SACs.

Special Protection Areas (SPA)

- 5.2** SPAs are sites designated under the EU Birds Directive (Council Directive 79/409/EEC on the Conservation of Wild Birds). North Kesteven contains no areas of land covered by SPAs.

Ramsar Sites

- 5.3** Ramsar sites are sites designated under the Ramsar Convention on Wetlands of International Importance. North Kesteven contains no areas of land covered by Ramsar sites.

National Designations

Local Nature Reserves (LNR)

- 5.4** LNRs are designated by Natural England and the relevant local authority. They are publicly accessible areas. There are three Local Nature Reserves in North Kesteven. No new Local Nature Reserves have been declared. North Kesteven contains no areas of land covered by Ramsar sites.

Table 15 - Local Nature Reserves (LNRs) in North Kesteven

LNRs	Total area (ha)
Lollycocks Field, Sleaford	2.15
Mareham Pastures	11
Whisby Nature Park, Whisby	107.57

Table 16 - LNRs per 1,000 people in North

Information on LNRs	Data
LNR total area in North Kesteven (ha)	120.72
Population in North Kesteven (figure from ONS 2019 mid-year estimates)	116,915
LNR area per 1,000 people (ha)	1.03

Sites of Special Scientific Interest (SSSI)

5.5 SSSIs are protected under the Wildlife and Countryside Act 1981. There are six SSSIs in North Kesteven including Potterhanworth Wood, High Dyke, Metherringham Heath Quarry, Wilsford Heath Quarry, Wilsford & Rauceby Warrens, and Doddington Clay Woods.

SSSI Condition Assessment

5.6 SSSIs are divided up into areas known as SSSI units and these units are monitored for their condition by Natural England. The condition of a SSSI unit is deemed to fall into one of five categories – favourable, unfavourable recovering, unfavourable no change, unfavourable declining and destroyed/part destroyed. The condition of SSSIs in the district is shown below by percentage area of total SSSI in each state. The majority of designated land is in a favourable or unfavourable but recovering condition. Of the total 150.02 hectares of designated land, 23.4 hectares (Wilsford Heath Quarry and High Dyke) is in an unfavourable declining condition which is an overall percentage of 33.3%. No sites were assessed during 2019/20.

Table 17 – SSSI condition assessment

SSSI site	Latest assessment date	Area (ha)	Favourable (%)	Unfavourable – recovering (%)	Unfavourable – no change (%)	Unfavourable – declining (%)	Partially destroyed (%)	Destroyed (%)	Not assessed (%)
Potterhanworth Wood	08/06/09	33.08	100						
High Dyke	07/06/18	6.77			100				
Metherringham Heath Quarry	09/07/10	12.94	100						
Wilsford Heath Quarry	29/07/10	16.19				100			
Wilsford & Rauceby Warrens	27/08/13	57.4		100					
Doddington Clay Woods	30/03/15	23.87	100						
Copper Hill, Wilsford	20/10/11	6.64	70.05	29.95					

Non-Statutory Sites

Local Wildlife Sites (LWS) in North Kesteven

5.7 LWSs and Local Geological Sites are sites selected by the Greater Lincolnshire Nature Partnership (a group of partnership organisations and individuals affiliated to the Greater Lincolnshire Biodiversity Partnership). LWSs have no statutory protection but are recognised as a material consideration. There are 165 locally designated sites in North Kesteven. The proportion of local sites where positive conservation management is being achieved is a proxy measure of local biodiversity and is used by central government to assess the performance of local authorities. In this monitoring period, 37% of sites within North Kesteven are in positive conservation management. This is a 4% increase on the previous monitoring year. In line with Defra guidance, where management evidence is more than five years old or has never been recorded, these sites have been identified as being in negative management status. An additional four LWSs were designated during the monitoring period.

Table 18 - Sites with local environmental designations

Information on locally designated sites	Data
Local Wildlife Sites	157
Local Geological Sites	8
Sites where positive conservation management is being achieved	61 (37%)

Renewable Energy Generation

5.8 This data looks at the energy generation capacity provided from renewable energy sources granted planning permission during the monitoring period.

Table 19 - Non-domestic renewable energy projects granted planning permission during

Type of renewable energy	Energy production (kW)	Site area (ha)
Biomass	0	0
Photovoltaic	52130	118.16
Wind	0	0

Co2 Emissions in North Kesteven in Lincolnshire

5.9 Table 20 below identifies the local Co2 emission estimates for North Kesteven and surrounding districts in Lincolnshire. The figure for North Kesteven is recorded at its lowest during the Local Plan period at 4.9 tonnes/annum per capita. There is a two year delay in receiving this information.

www.gov.uk/government/collections/uk-local-authority-and-regional-carbon-dioxide-emissions-national-statistics

Data has been taken from the 2005-2018 UK local and regional Co2 emissions – data tables.

Table 20 – Local Co2 emission estimates

Estimates of CO2 emissions in tonnes/annum per capita (i.e. per head of population)							
Local Authority area	2012	2013	2014	2015	2016	2017	2018
Boston	6.3	6	5.4	5.4	4.8	4.6	4.4
East Lindsey	6.7	6.4	5.9	5.7	5.5	5.2	5.1
Lincoln	5	4.9	4.1	4	3.7	3.5	3.4
North Kesteven	6.5	6.4	5.9	5.7	5.4	5.2	4.9
South Holland	7.4	7.1	6.6	6.1	5.8	5.4	5.2
South Kesteven	7.7	7.5	6.8	6.6	6.3	6.2	5.9
West Lindsey	7.2	6.9	6.3	6.1	5.8	5.7	5.4

Table updated to reflect the latest release of data meaning some slight changes to the figures that were included in last year's report.

6. Conclusion and Next Steps

6.1 This is the tenth AMR where North Kesteven has been part of the Central Lincolnshire Local Plan Team. This AMR reports performance against core output indicators, indicators set by the previous Government to monitor local planning authority performance. It is important to continue to monitor performance to measure the effectiveness of our policies and decisions. The Central Lincolnshire Local Plan Team will be working with others on developing local indicators and targets as part of the Local Plan which will form the basis of future AMRs. In addition, future AMRs will be informed by any approach enacted by the Localism Bill and any future national policy and guidance.
