1.0 Introduction

- 1.1 The Town and Country Planning (Local Planning) (England) Regulations 2012, Regulation 34 requires Local Planning Authorities to produce an Authority Monitoring Report (AMR). This AMR is structured around meeting the requirements of Regulation 34.
- 1.2 Compliance with this Regulation builds on the annual monitoring reports produced and published for the District historically between 2005 and 2015 under the title 'Annual Monitoring Report'.
- 1.3 The Central Lincolnshire authorities of West Lindsey, City of Lincoln, and North Kesteven adopted their joint Local Plan in April 2017. This document sets out the strategic planning policies for the area, including the housing requirement, and growth distribution.
- 1.4 For the purposes of this 2018/2019 monitoring report, the following key documents relevant during this period will be referenced;
- Central Lincolnshire Local Plan Adopted April 2017
 - Central Lincolnshire Local Development Scheme (LDS) 2019
- 1.5 The above documents are available to view at the central Lincolnshire Local Plan website www.central-lincs.org.uk and www.west-lindsey.gov.uk
- 1.6 The source of the information used in this report is West Lindsey District Council unless otherwise stated.
- 1.7 This AMR covers the period 1st April 2018 to 31st March 2019.

Key Findings of this Monitoring Report

The following summarise the key findings of this AMR:

► During 2018/19 progress on the Central Lincolnshire Local Plan is summarised as follows:

- The 2012-2036 Central Lincolnshire Local Plan was adopted by the Central Lincolnshire Joint Strategic Planning Committee on 24th April 2017.

► During the monitoring period:

- 407 new homes were completed (net);
- There were 60 affordable housing completions (gross);
- At 31st March 2019 West Lindsey has a deliverable housing supply of 4,574 dwellings;
- 8,065 square metres of new employment floor space was completed;
- 29,875 square metres of development was completed for town centre uses;
- There is a total area of 52.53 hectares of land designated as Local Nature Reserves in West Lindsey;
- There are 15 sites of Special Scientific Interest (SSSI) totalling an area of 771.16 ha. 83.62 % of this land is in favourable or unfavourable but recovering condition;
- There are 184 Local Wildlife Sites and 8 Local Geological Sites with 29% of these locally designated sites in positive conservation management status.

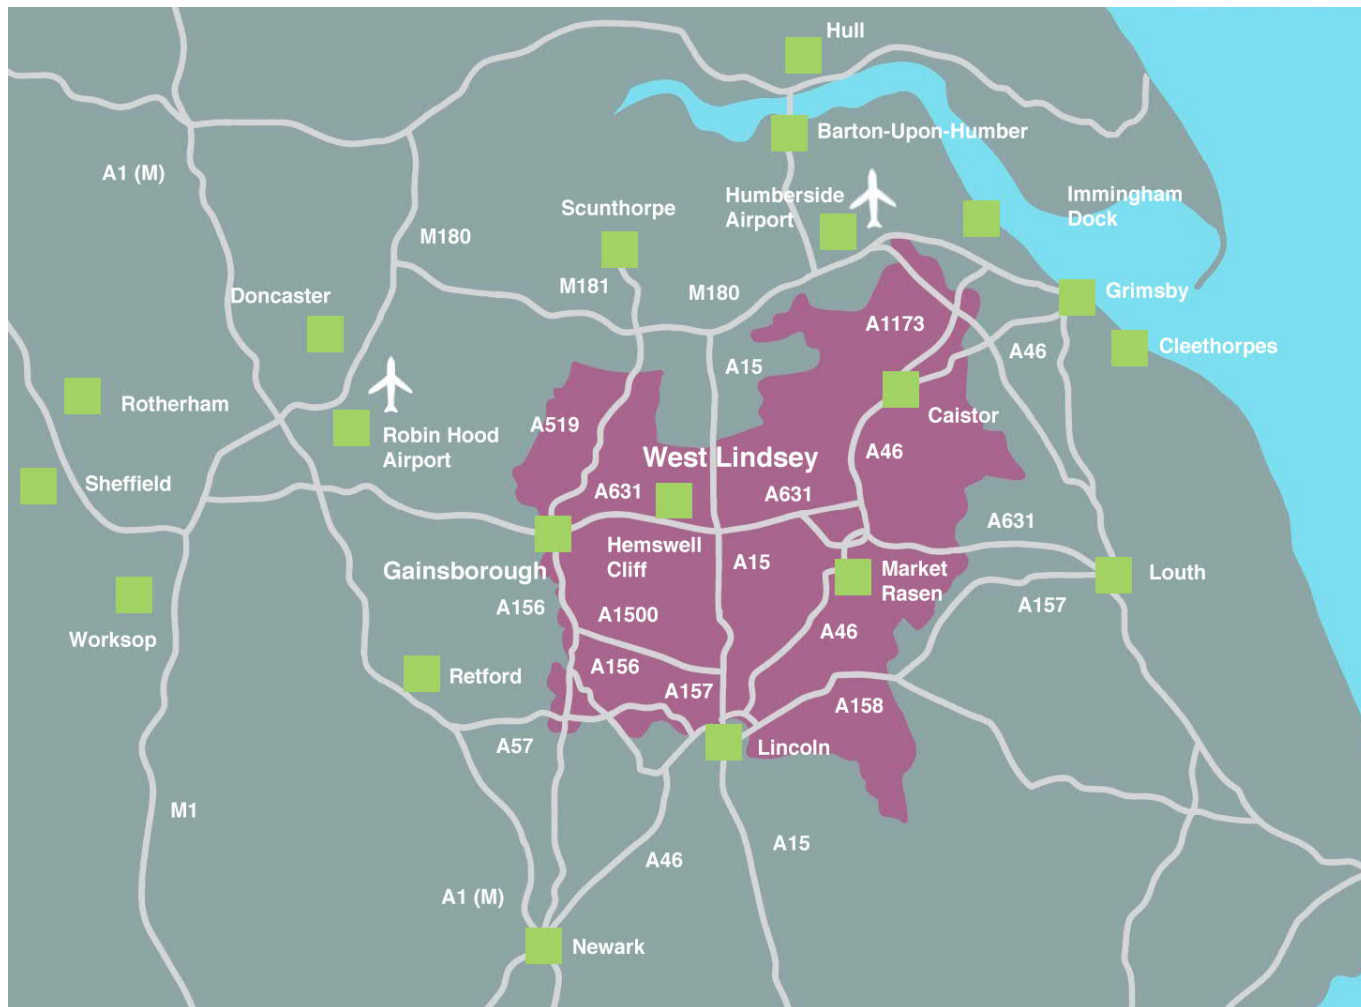

Detailed Portrait of West Lindsey

- 1.8 Detailed information on topics such as Population, Households, Economy, Health and Education can be found in the District Area profiles published by the Lincolnshire Research Observatory <http://www.research-lincs.org.uk/area-profiles.aspx>

Location

- 1.9 West Lindsey is one of seven districts located in the centre of Lincolnshire. The district is characterised by small settlements and large areas of arable farmland. There are many small villages and several larger service villages. The main concentration of residents are located however in the main town of Gainsborough, with a population of over 20,000.

Figure 1 – The West Lindsey District

Population

1.10 The table below sets out county wide information on population change. There has been a 0.6% increase in population between 2017 and 2018 according to the Office for National Statistics (ONS) mid-year estimates. This is in line with the overall estimated growth for Lincolnshire. An estimated rise from 89,400 in 2011 to 94,869 in 2018 is recorded for West Lindsey.

Table 1 – Lincolnshire and District population estimates 2011 to mid-2018

Local Authority Area	2011 Census	Mid-year estimates							% change	
		2012	2013	2014	2015	2016	2017	2018	2012-2018	2017-2018

2.0 Authority Monitoring Reports and the Local Planning Regulations 2012

Regulation 34(1) – Local Plan and Supplementary Planning Document (SPD) Progress

34. (1) A local planning authority's monitoring report must contain the following information—

(a) the title of the local plans or supplementary planning documents specified in the local planning authority's local development scheme;

(b) in relation to each of those documents—

(i) the timetable specified in the local planning authority's local development scheme for the document's preparation;

(ii) the stage the document has reached in its preparation; and

(iii) if the document's preparation is behind the timetable mentioned in paragraph (i) the reasons for this; and

(c) where any local plan or supplementary planning document specified in the local planning authority's local development scheme has been adopted or approved within the period in respect of which the report is made, a statement of that fact and of the date of adoption or approval.

- 2.1 A Local Development Scheme (LDS) is the project plan setting out the timetable for the delivery of any Development Plan Documents (DPD) or 'Local Plans' for an area that the Local Planning Authority intends to produce. Since the establishment of the Central Lincolnshire Joint Planning Committee in 2011 the District has been working jointly with neighbouring Districts, Lincoln City Council and North Kesteven District Council to produce a Joint Local Plan.
- 2.2 The 2012-2036 Central Lincolnshire Local Plan was adopted by the Central Lincolnshire Joint Strategic Planning Committee on 24th April 2017.
- 2.3 On 14 January 2019 the Central Lincolnshire Joint Strategic Planning Committee approved a review of the 2012-36 Central Lincolnshire Local Plan and a new LDS was adopted, replacing the 2017 LDS.
- 2.4 This 2019 Central Lincolnshire LDS sets out the timetable for any DPDs to be prepared for the period 2019 to 2022. It explains the key stages in the preparation of the revised Local Plan (see Table 2).

Table 2 – January 2019 Local Development Scheme Local Plan review stages

Stage	Description	Date
Public Participation (Regulation 18)	Opportunities for interested parties and statutory consultees to consider the options for the plan before the final document is produced. This stage can involve one or more public consultation rounds. We intend two rounds for the Central Lincolnshire Local Plan.	June-July 2019 & February-March 2020
Pre-submission Publication (Regulation 19)	The Joint Committee publishes the Local Plan which is followed with a 6 week period when formal representations can be made on the Local Plan.	October-November 2020
Submission (Regulation 22)	The Joint Committee submits the Local Plan to the Secretary of State together with the representations received at Regulation 19 stage.	December 2020
Independent Examination Hearing	Held by a Planning Inspector into objections raised at Regulation 19 stage on the Local Plan.	April-June 2021 (estimate – dates set by Inspector)
Inspector's Report Issued	This will report whether the Plan is 'sound' or 'not sound'. The Inspector may make recommendations to make the plan 'sound'.	August 2021 (estimate)
Adoption of the DPD Local Plan	Final stage, the Council will formally need to adopt the Local Plan and it will then be used in making planning decisions.	September 2021 (dependent on timescales for examination)

Regulation 34(2) Non-Implementation of a Policy

34. (2) Where a local planning authority are not implementing a policy specified in a local plan, the local planning authority's monitoring report must—

(a) identify that policy; and

(b) include a statement of—

(i) the reasons why the local planning authority are not implementing the policy; and

(ii) the steps (if any) that the local planning authority intend to take to secure that the policy is implemented.

2.5 The Council is implementing all policies in the Central Lincolnshire Local Plan and carrying out the monitoring of these policies each financial year, since the adoption of the plan.

3.0 Housing in West Lindsey

Regulation 34(3) Net additional dwellings

34. (3) Where a policy specified in a local plan specifies an annual number, or a number relating to any other period of net additional dwellings or net additional affordable dwellings in any part of the local planning authority's area, the local planning authority's monitoring report must specify the relevant number for the part of the local planning authority's area concerned—

- (a) in the period in respect of which the report is made, and
- (b) since the policy was first published, adopted or approved.

- 3.1 The Local Plan identifies a total of 36,960 dwellings to be completed during the Plan period across the whole of the Central Lincolnshire area with an annual net completion figure set at 1,540 dwellings per year. This figure however is for all three Districts that make up the Central Lincolnshire Local Plan area and is not separated out at District level.
- 3.2 It is confirmed that 407 net additional dwellings were completed in the monitoring period and in terms of affordable dwellings, 56 (gross) were completed.
- 3.3 It is not currently possible to monitor net affordable dwellings completed, as data is not available for affordable dwelling losses and indirect gains. By its nature such data is difficult to collect as the Local Authority is not notified of conversions to a non-affordable dwelling or vice versa as a matter of course.
- 3.4 In respect of Regulation 34(3)(b), there have been 2173 net dwellings completed in West Lindsey, including 275 gross affordable dwellings since the base date of the Central Lincolnshire Local Plan (2012).
- 3.5 The tables below show the total number of dwelling completions in West Lindsey for the period 1st April 2012 to 31st March 2019, as well as the net cumulative total and annual average completions since 2012. This data shows that the annual average peaked this monitoring period at 310.

Table 3 – Net dwelling completions

Net dwelling completion totals since 2012 (CLLP base date)	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19

Gypsy and Traveller Pitches

- 3.6 The Central Lincolnshire Gypsy and Travellers accommodation assessment 2013 summarises accommodation needs in Central Lincolnshire and West Lindsey. 22 additional pitches within West Lindsey were identified as being required within 10years (2013-2023). The assessment identified that in 2013 there were a total of 44 authorised pitches (with panning permission) in West Lindsey.
- 3.7 Monitoring information relates to the delivery of pitches for Gypsy and Traveller families. For the purposes of monitoring, a pitch is defined as an “area of land demarked for the use as accommodation by a single Gypsy and Traveller household, sometimes including extended families which may require space, within one pitch, to provide for more than one caravan.” (Core Output Indicators - Update 2/2008).
- 3.8 Table 7 details the total number of pitches available for use in West Lindsey since 2012/13. During the 2018/19 monitoring period planning permission was granted for 10 additional pitches (six permanent and four transit pitches).

Table 7 – Gypsies and travellers and travelling show people pitches

Affordable Housing Completions (Gross)

- 3.9 Affordable housing is monitored as gross completions (see earlier commentary). Between 1st April 2018 and 31st March 2019 there were 56 affordable dwelling completions which represents approximately 14% of total net dwelling completions in that year.
- 3.10 Table 8 sets out affordable housing completions over the past seven years.

Table 8 – Affordable housing completions (gross)

Gross Affordable Dwellings Completed	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19
Total Net number of all dwellings completed	256	289	378	284	300	259	407
Gross number of affordable dwellings completed	49	17	59	29	50	11	60
Percentage of total dwellings completed that are affordable	19	6	16	10	17	4	15

Housing Land Supply in West Lindsey

- 3.11 As at 31st March 2019, West Lindsey has a deliverable housing supply of 4,574 dwellings. This figure identifies the number of homes expected to be delivered in West Lindsey leading up until end of March 2025.
- 3.12 The Central Lincolnshire Five Year Land Supply Report for 1 April 2020 to 31 March 2025 was published in October 2019. This confirms that Central Lincolnshire has 5.35 years of housing supply. The five year land supply report can be viewed on the Central Lincolnshire Local Plan website at <https://www.n-kesteven.gov.uk/central-lincolnshire/planning-policy-library/>

Regulation 34(4) Neighbourhood Planning

34. (4) Where a local planning authority have made a neighbourhood development order or a neighbourhood development plan, the local planning authority's monitoring report must contain details of these documents.

- 3.13 During the monitoring period 2018/19, three neighbourhood plans were made for Osgodby (July), Great Limber (July), and Cherry Willingham (March).
- 3.14 These plans were 'made' by West Lindsey District Council at Full Council in line with the Neighbourhood Planning (General) Regulations (2012). Made neighbourhood plans have been subject to public consultation, independent examination, and referendum. An adopted neighbourhood development plan forms part of the development plan under Section 38.3(c) of the Planning and Compulsory Purchase Act 2004.
- 3.15 Two additional neighbourhood areas were designated within the monitoring period 2018/19, namely: Sturton and Stow and Grasby.
- 3.16 All parish councils will continue to work with their communities towards the production of their neighbourhood plans.
- 3.17 All Neighbourhood Plans can be viewed at <http://www.west-lindsey.gov.uk/neighbourhoodplans>

Table 9 – Neighbourhood Plans

Monitoring period	Number of Neighbourhood Plan Areas Designated	Total Number of Neighbourhood Plan Areas Designated	Number of Neighbourhood Plans Adopted
2012/13	2	2	0
2013/14	4	6	0
2014/15	1	7	0
2015/16	8	15	2
2016/17	17	32	4
2017/18	5	37	4
2018/19	2	39	3

Regulation 34(5) Community Infrastructure Levy (CIL)

34. (5) Where a local planning authority have prepared a report pursuant to regulation 62 of the Community Infrastructure Levy Regulations 2010, the local planning authority's monitoring report must contain the information specified in regulation 62(4) of those Regulations.

The Community Infrastructure Levy Regulations 2010

62. (4) The report must include—

(a) the total CIL receipts for the reported year;

(b) the total CIL expenditure for the reported year;

(c) summary details of CIL expenditure during the reported year including—

(i) the items of infrastructure to which CIL (including land payments) has been applied,

(ii) the amount of CIL expenditure on each item,

(iii) the amount of CIL applied to repay money borrowed, including any interest, with details of the infrastructure items which that money was used to provide (wholly or in part),

(iv) the amount of CIL applied to administrative expenses pursuant to regulation 61, and that amount expressed as a percentage of CIL collected in that year in accordance with that regulation; and

(d) the total amount of CIL receipts retained at the end of the reported year.

3.18 The Community Infrastructure Levy (CIL) is a planning charge, introduced by the Planning Act 2008 as a tool for Local Authorities in England and Wales to help deliver infrastructure to support development in their area. CIL differs from S106 agreements, usually used to secure planning obligations, in that the rate per square metre is fixed and based on the Gross Internal Area of the development. The charge is also non-negotiable, with a strict criteria. CIL does not replace the use of S106 agreements, however infrastructure items that are covered by CIL can't also be required as part of a S106 agreement.

3.19 Local Authorities with an adopted CIL charging schedule are required, in line with Regulation 62(4) of the Community Infrastructure Levy Regulations 2010 (as amended), to prepare a report for any financial year in which it collects CIL.

3.20 West Lindsey District Council has adopted CIL with a charging regime that came into force on 22nd January 2018.

3.21 For the purposes of meeting the above regulations, CIL income and expenditure is recorded below:

Table 10 – Community Infrastructure Levy (CIL)

CIL Totals 2018/19	Amount (£)
Total Receipts	94,719
Total Expenditure	9,826
Total Receipts Retained	84,893

- 3.22 In addition, table 11 reports that £462,468 was collected from developers during 2018/19. Throughout this reporting year, £23,696 in health contributions was released to the NHS.

Table 11 – Section 106 (S106) developer contributions

Infrastructure Item	Amount collected (£)	Amount released (£)
Health	20,096	23,696
Highways	0	0
Education	0	0
Affordable Housing	442,372	0
Open space, sport, and recreation facilities	0	0
Totals	462,468	23,696

Regulation 34(6) Duty to Cooperate

34. (6) Where a local planning authority have co-operated with another local planning authority, county council, or a body or person prescribed under section 33A of the Act, the local planning authority's monitoring report must give details of what action they have taken during the period covered by the report.

Duty to Cooperate: Joint Plans or other applicable Strategies

- 3.23 This "Duty to co-operate" requires local planning authorities and prescribed public bodies to work together, through engaging constructively, actively, and on an ongoing basis, with regard to strategic matters and supporting activities that relate to the preparation of development plan documents. A strategic matter is defined as sustainable development or use of land or infrastructure that has or would have a significant impact on at least two planning areas.
- 3.24 The NPPF, builds on the requirements of the Localism Act, stating that public bodies have a duty to co-operate on planning issues that cross administrative boundaries.
- 3.25 A report on how the production of the Local Plan has been prepared in compliance with the Duty to Cooperate requirement can be downloaded (document reference SI003 and SI003A) from the Central Lincolnshire website at <https://www.n-kesteven.gov.uk/central-lincolnshire/planning-policy-library/>

4.0 Economy in West Lindsey

Additional employment floor space

- 4.1 This indicator relates to the amount of new floor space completed within the monitoring period.
- 4.2 A piece of secondary legislation groups types of use of premises into classes, so that no planning permission is required if a building is changed from one use to another within the same class. Employment Land for the purposes of this monitoring indicator is defined as uses B1, B2 and B8.
- 4.3 The tables below show additional floor space created for employment in West Lindsey since Local Plan adoption, 1st April 2012 to 31st March 2019.
- 4.4 8,065 square metres of additional employment floorspace was completed during the monitoring period.

Table 12 – Additional employment floor space

Amount of employment floor space developed by type (sqm)							
Land Use Type	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19
B1	943	2437	1975	2233	3294	2199	2279

Total	5941	24459	5142	15109	5951	26017	8065

Table 13 – Employment floorspace completed on previously developed land

Amount of employment floor space completed on previously developed land by type (%)							
Land Use Type	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19
B1	89	100	72	39	50	100	100
B2	100	72	0	16	23	100	97
B8	100	100	100	100	51	100	100
Mixed	N/A	98	31	7	0	100	N/A

- 4.5 Floorspace developed for employment (B Use Classes) totalled 8,065 sqm for the year to March 2019. This represents a decline from the previous year which totalled 26,017 sqm, however one large scale development accounted for 15,540 sqm alone.
- 4.6 7,940 sqm of floorspace developed this year took place on previously developed land and represents 98% of new employment floorspace.

Employment land

- 4.7 2018/19 saw a total of 0.391 hectares of employment land developed. This included a new light industrial workshop at Saxilby Enterprise Park, and various extensions to existing employment premises across the district.

Completed floor space for ‘town centre uses’

- 4.8 The new Travelodge hotel in Gainsborough which is now complete opened in November. This has provided 56 bed spaces, and although not reflected in the figures below, also resulted in the gain of 380sqm restaurant space at ground floor level.
- 4.9 A total 2,399sqm of A use class floorspace was developed between 1st April 2018 and 31st March 2019; and one large development in Upton measuring 25,000sqm accounted for the majority of D use class development.
- 4.10 Permissions have been granted and construction is underway for the development of a crematorium at Lea, Gainsborough, and dry leisure facility in Market Rasen. Plans have also been approved for workshop units with a trade counter facility in Gainsborough which will provide approximately 1,300 sqm of commercial floor space once developed.

Table 14 – Floor space developed for “town centre uses”

Town Centre uses developed (A1, A2 & D2) (sqm)	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19
In Town Centre (Gainsborough)	858	463	166	0	0	2667	2255
Rest of District	1651	2556	1393	1201	3066	190	27619
Total	2509	3019	1559	1201	3066	2857	29874

5.0 Environment in West Lindsey

European or International Designations

Special Areas of Conservation (SAC)

- 5.1 SACs are sites designated under the EU Habitats Directive (Council Directive 92/43/EEC on the Conservation of Natural Habitats and of Wild Fauna and Flora). West Lindsey contains no areas of land covered by SACs.

Special Protection Areas (SPA)

- 5.2 SPAs are sites designated under the EU Birds Directive (Council Directive 79/409/EEC on the Conservation of Wild Birds). West Lindsey contains no areas of land covered by SPAs.

Ramsar Sites

- 5.3 Ramsar sites are sites designated under the Ramsar Convention on Wetlands of International Importance. West Lindsey contains no areas of land covered by Ramsar sites.

National Designations

National Nature Reserves (NNR)

- 5.4 NNRs are designated by Natural England as key places for wildlife and natural features in England. They are publicly accessible areas. Bardney Limewoods NNR straddles the administrative areas of West Lindsey and East Lindsey and consists of several woodlands. The designation covers 384 hectares in total, though 330 hectares fall within the district of West Lindsey.

Local Nature Reserves (LNR)

- 5.5 LNRs are designated by Natural England and the relevant local authority. They are publicly accessible areas. There are 2 Local Nature Reserves in West Lindsey. No new Local Nature Reserves have been designated and there has been no amendments to the existing sites.

Table 15 – Local Nature Reserves

Local Nature Reserve	Total area (ha)
Owlet, Blyton	50.28
Theaker Avenue, Gainsborough	2.25

Sites of Special Scientific Interest (SSSI)

5.6 SSSIs are protected under the Wildlife and Countryside Act 1981. There are 15 SSSIs in West Lindsey as detailed in Table 17 below.

SSSI Condition Assessment

5.7 SSSIs are divided up into areas known as SSSI units and these units are monitored for their condition by Natural England. The condition of a SSSI unit is deemed to fall into one of five categories - favourable, unfavourable recovering, unfavourable no change, unfavourable declining and destroyed/part destroyed. The condition of SSSIs in the district is shown below by percentage area of total SSSI in each state.

5.8 The majority of sites are in a favourable or unfavourable but recovering condition. Of the total 771.16 hectares of designated land within West Lindsey, 126.34 hectares are in an unfavourable condition with no change which is an overall percentage of 16.38%.

Table 17 – SSSI condition assessment

SSSI Site	Latest Assessment Date	Area (ha)	Favourable (%)	Unfavourable – Recovering (%)	Unfavourable – No change (%)	Unfavourable - Declining (%)	Partially Destroyed (%)	Destroyed (%)	Not Assessed (%)
Bardeny Limewoods	23/07/13	488.90	22.84	77.16					
Cliff House	06/12/11	4.75			100.00				
Greetwell Hollow Quarry	08/04/10	11.30	100.00						
Kingerby Beck Meadows	08/07/14	5.52		100.00					
Laughton Common	11/09/13	54.73			100.00				
Lea Marsh	04/07/13	27.56	48.11		51.89				
Linwood Warren	22/10/09	25.68		100.00					
Nettleton Chalk Pit	13/05/10	8.08	100.00						
Normanby Meadow	03/07/14	4.18	100.00						
Scotton and Laughton Forest Ponds	25/08/10	48.32			100.00				
Scotton Beck Fields	28/07/11	16.75		100.00					
Scotton Common	25/08/10	15.09		100.00					
Swallow Wold	20/09/13	4.25			100.00				
Tuetoos Hills	26/07/10	12.50		100.00					
Wickenby Wood	16/06/11	43.56	100.00						

Figures for Bardeny Limewoods and Greetwell Hollow Quarry reflect only the area within West Lindsey

Non-Statutory Sites

Local Wildlife Sites (LWS)

- 5.9 Local Wildlife Sites and Local Geological Sites are sites selected by the Greater Lincolnshire Nature Partnership (GLNP) (a group of partnership organisations and individuals affiliated to the Greater Lincolnshire Biodiversity Partnership). LWSs have no statutory protection but are recognised as a material consideration.
- 5.10 There are 192 locally designated sites in West Lindsey. The proportion of local sites where positive conservation management is being achieved is a proxy measure of local biodiversity and is used by central government to assess the performance of local authorities. In this monitoring period 29% of sites within West Lindsey are in positive conservation management.
- 5.11 In line with Defra guidance, where management evidence is more than 5 years old or has never been recorded, these sites have been identified as being in negative management status.

Table 18 – Sites with local environmental designations

Information on Locally designated sites	Data
Local Wildlife Sites	184
Local Geological Sites	8
Sites where positive conservation management is being achieved	56 (29%)

Source: Greater Lincolnshire Nature Partnership

Renewable Energy Generation

5.12 This data looks at the energy generation capacity provided from renewable energy sources granted planning permission. This monitoring period saw approval for a new building to accommodate a biomass boiler heating system (planning permission reference 139008).

Table 19 – Non-domestic renewable energy projects granted planning permission

Type of Renewable Energy	Energy Production (kW)	Site Area (ha)
Biomass	555	0.31
Photovoltaic	0	0,00
Wind	0	0.00

Co2 Emissions in West Lindsey

5.13 Table 20 below identifies the local Co2 emission estimates for West Lindsey and surrounding districts in Lincolnshire. The figure for West Lindsey has been on a decline since 2012 and is recorded at its lowest during the Local Plan period at 5.7 tonnes/annum per capita in 2017. There is a two year delay in receiving this information.

5.14 <https://www.gov.uk/government/collections/uk-local-authority-and-regional-carbon-dioxide-emissions-national-statistics>

5.15 Data has been taken from the 2005-2017 UK local and regional Co2 emissions – data tables.

Table 20 – Local Co2 emissions

Local Authority Area	2012	2013	2014	2015	2016	2017
Boston	6.3	6.0	5.4	5.2	4.8	4.6
East Lindsey	6.7	6.4	5.9	5.7	5.5	5.2
Lincoln	5.0	4.9	4.1	4.0	3.7	3.5
North Kesteven	6.5	6.4	5.9	5.7	5.4	5.2
South Holland	7.4	7.1	6.6	6.1	5.8	5.4
South Kesteven	7.7	7.5	6.8	6.6	6.3	6.2
West Lindsey	7.2	6.9	6.3	6.1	5.8	5.7

Table updated to reflect the latest release of data meaning some slight changes to the figures that were included in last year's report.

6.0 Conclusion and Next Steps

- 6.1 This is the ninth AMR where West Lindsey has been part of the Central Lincolnshire Local Plan Team. This AMR reports performance against core output Indicators, indicators set by the previous Government to monitor local planning authority performance. It is important to continue to monitor performance to measure the effectiveness of our policies and decisions. The Central Lincolnshire Local Plan Team will be working with others on developing local indicators and targets as part of the Local Plan which will form the basis of future AMRs. In addition, future AMRs will be informed by any approach enacted by the Localism Bill and any future national policy and guidance.
