Appendix 1: Central Lincolnshire Local Green Space Assessment

## 1. Introduction and Policy Context

### **Introduction**

- 1.1 A joint Local Plan for the Central Lincolnshire area is being produced which will set the framework for how development will be considered across the districts of the City of Lincoln, North Kesteven and West Lindsey to 2036.
- 1.2 This Evidence Report (which is one of a collection) provides background information and justification for policy LP23, which relates to Local Green Space (LGS) and existing Important Open Space designation. Please note the policy numbering for this policy has changed in the Proposed Submission Local Plan from LP22 (in the Further Draft) to LP23.

### **National policy**

- 1.3 The National Planning Policy Framework (NPPF) was published in March 2012 and the National Planning Practice Guidance (NPPG) was introduced in 2014 which offers 'live' government guidance. The NPPF introduced a new LGS designation which is for open spaces important to local communities.
- 1.4 Section 8 of the NPPF concerns "promoting healthy communities" and there is a separate section on "Plan-making". The following points are particularly relevant:
- Paragraph 73- "Access to high quality open spaces and opportunities for sport and recreation can make an important contribution to the health and well-being of communities".
  - Paragraph 76- Local communities through local and neighbourhood plans should be able to identify for special protection green areas of particular importance to them. By designating land as Local Green Space local communities will be able to rule out new development other than in very special circumstances.
  - Paragraph 77- The Local Green Space designation will not be appropriate for most green areas or open spaces. The designation should only be used:
    - Where the green space is in reasonably close proximity to the community it serves;
    - Where the green area is demonstrably special to a local community and holds a particular local significance, for example because of its beauty, historic significance, recreational value, tranquillity or richness of wildlife; and
    - Where the green area concerned is local in character and not an extensive tract of land.
  - Paragraph 78- Local policy for managing development within a Local Green Space should be consistent with Policy for Green Belts.

- 1.5 The above NPPF policy has been taken into account in preparing the Local Plan as a whole, and policy LP23 in particular.

## 2 Central Lincolnshire Context in Relation to Policy LP23

- 2.1 Open spaces make a significant contribution to local communities and the environment within Central Lincolnshire. Accessible, good quality open spaces provide opportunities for

physical exercise and places to meet, impacting positively on health and wellbeing and social cohesion. These spaces also have environmental benefits, including supporting biodiversity, flood risk management and contributing to landscape and townscape character and the setting of the built environment.

- 2.2 Within the existing Local Plans which cover the Central Lincolnshire area, there are areas within villages identified as Visual Amenity Areas (North Kesteven) and Important Open Spaces (West Lindsey) which are important to the character and amenity of rural settlements. There are also open spaces designated as Critical Natural Assets, Basic Natural Stock and Functional Open Space within the existing Local Plan for the City of Lincoln that contribute to townscape character and provide important spaces for sport and recreation in the urban area.
- 2.3 A key issue facing the Central Lincolnshire Authorities is balancing the need to retain access to and protect high quality open spaces, whilst delivering significant growth in new homes and jobs with improved infrastructure.

### 3 Local Plan Policy: Preliminary Draft

- 3.1 The Preliminary Draft version of the Local Plan (published for consultation in October – November 2014) included a policy on LGSs and sought nomination of sites by the local community to be considered for allocation as LGS. The policy did not make reference to existing open spaces in the adopted Central Lincolnshire Local Plans.
- 3.2 There was general support for the aims of the policy. Key issues raised during the consultation on the Preliminary Draft Local Plan are summarised below:
- There was objection to how the wording of the policy implies that LGSs have the same status as Green Belt land;
  - One respondent felt the policy was too vague and should include criteria to guide development that would be acceptable in a LGS designation;
  - Definition should be extended to cover green space between settlements
  - Guidance in Appendix B could be more detailed.
- 3.3 There were a number of sites nominated for allocation as LGS. These nominations and the assessment and justification as to whether they meet the LGS criteria as set out in the NPPF, can be found in **Appendix 1** to this report.

### 4 Local Plan Policy: Further Draft

- 4.1 The policy in the Further Draft version of the Local Plan (published for consultation in October – November 2015) was amended in response to comments received during the consultation on the Preliminary Draft Local Plan. The wording of the policy was amended to address the comments regarding status of LGSs in relation to Green Belt land. The policy wasn't amended to include criteria to guide development, but stated that development would only be acceptable in very special circumstances and with support from the local community. This was felt to be sufficient alongside national policy set out in the NPPF.
- 4.2 Those green spaces considered to meet the criteria for LGS designation were shown on the Further Draft Local Plan Policies Map as "Local Designated Greenspace". At this Further Draft stage, "Potential LGS to be assessed" sites were also shown on the Policies Map, with the intention of assessing these sites against the LGS NPPF criteria, as the importance of existing open spaces to local communities was highlighted during the

Preliminary Draft consultation. These were areas within villages identified as Visual Amenity Areas (North Kesteven) and Important Open Spaces (West Lindsey) within the existing Central Lincolnshire Local Plans.

- 4.3 Various comments were received in relation to policy LP23 (then known as LP22) during the consultation on the Further Draft Local Plan. There were mixed views on the policy. In some instances the policy was generally supported, but detailed comments and suggestions were made by others as to how the policy wording could be improved. The key issues raised in relation to the policy as drafted in the Further Draft included:
- The policy should be supported by a detailed landscape assessment;
  - Concern that existing open spaces designated in the currently adopted Local Plans for the area are not shown on the Policies Map or protected by policy;
  - Concern around the requirement that only proposals that will protect and enhance LGS, and are demonstrably supported by the local community, will be permitted. The policy contains no additional guidance as to how a proposal should seek to be demonstrably supported;
  - Policy is not justified over and above other green infrastructure policies that are in place.
- 4.4 In addition to comments on the policy wording, there were a number of representations in relation to the Policies Map.
- 4.5 Current or proposed LGS were supported in part or whole at the following:
- Nocton
  - Heighington
  - Potterhanworth
  - Hemswell Cliff
  - Cherry Willingham
  - Skellingthorpe
  - Branston
  - Canwick
  - Saxilby
  - Fiskerton
- 4.6 Current or proposed LGSs were objected to in part or whole at the following:
- Cherry Willingham
  - Skellingthorpe
  - Nettleham
  - South Hykeham
  - Market Rasen
  - Fiskerton
- 4.7 Objections were received to sites that did not meet the LGS criteria and had not been designated on the Policies Map at/near:
- Grayingham
- 4.8 New LGSs nominations were received at/near:
- Brattleby
  - Keelby
  - Ruskington
  - Heighington
  - Scotter
  - Caistor
  - Lincoln

- Fiskerton
- Riseholme
- Hemswell Cliff
- Scothern
- Saxilby
- Metheringham

- 4.9 These further LGS nominations have been assessed in the same way as the nominations submitted as part of the Preliminary Draft stage. These nominations and the assessment and justification as to whether they meet the LGS criteria as set out in the NPPF, can be found in **Appendix 1** to this report.

## 5 Local Plan Policy: Submission Draft

- 5.1 Comments made during the Further Draft consultation have been duly considered and the Proposed Submission version of policy LP23 and the proposed Policies Map have been revised from the Further Draft versions.
- 5.2 In light of the key issues raised above in 4.3, policy wording that required proposals to be demonstrably supported by the local community has been removed.
- 5.3 Additional wording has been inserted into the policy which safeguards existing Important Open Space and sets out criteria against which development proposals will be considered. This address concerns raised at the Further Draft stage that existing open spaces designated in the adopted Local Plans for the area are not protected by policy.
- 5.4 The proposed approach to existing open spaces at the Further Draft Stage was to assess these sites against the LGS criteria contained within the NPPF. This approach has been dismissed due to the considerable resources that would be needed to undertake a thorough assessment, and due to the requirement in the NPPF for local communities, rather than local authorities, to identify sites for LGS designation. The approach for the Proposed Submission stage has therefore been to undertake a desk based review of existing open space designations in the adopted Local Plans (Visual Amenity Areas in North Kesteven, Important Open Spaces in West Lindsey and, Critical Natural Assets, Basic Natural Stock and Functional Open Spaces in Lincoln) to check whether their status has changed since they were first designated (for example, whether the site has been developed for another use, such as housing) or whether the site is proposed for an alternative use in the Proposed Submission Local Plan. In Lincoln, where existing open space designations also fell within a Green wedge designation, the Green Wedge designation is shown on the Policies Map and the open space designation has not been taken forward. This avoids sites or areas being designated twice for broadly the same reasons.
- 5.5 Those green spaces considered to meet the criteria for LGS designation are shown on the Proposed Submission Local Plan Policies Map as “Local Green Space” and existing Important Open Space is shown as “Important Open Space”.
- 5.6 Where there were objections at the Further Draft stage to proposed LGS designations, or to sites that had not been designated, these sites were reconsidered by the Local Plan Team (see **Table 5-1**).

## 6 Alternative Reasonable Options

- 6.1 The inclusion of existing Important Open Spaces within policy LP23 and on the Policies Map in the Proposed Submission Local Plan has resulted in the consideration of alternative options that were not considered at the Preliminary or Further Draft stage.

- 6.2 The following alternative options have been considered for this policy. (Option 1 is the preferred policy approach which has been included in the Proposed Submission version.)
- 6.3 **Option 2:** Local Policy which protects LGSs on the Policies Map in line with the NPPF, which rules out development on these sites other than in very special circumstances. This option was the preferred approach in the Further Draft Local Plan, but has now been discounted in light of the representations received at the Further Draft stage.
- 6.4 **Option 3:** Do not protect LGSs and other Important Open Spaces within the Local Plan. This option has been discounted as the NPPF is clear that local communities should be able to identify for special protection green areas of particular importance to them and that existing open spaces should be protected from development, unless specific criteria can be met.

## 7 Conclusion

- 7.1 This Evidence Report demonstrates the rationale for the proposed policy as contained in the April 2016 Proposed Submission Local Plan April. We hope this helps demonstrate how we have responded to comments received during both the Preliminary and Further Draft consultations, as well as how the latest evidence and national guidance has been taken into account.

**Table 5-1. Response to objections to Local Green Space designations raised through Further Draft Local Plan consultation**

<b>Site ID</b>	<b>Name of Site and Address</b>	<b>Parish</b>	<b>Further Draft Plan Status</b>	<b>Proposed Submission Local Plan Status</b>	<b>Justification</b>
LGS198	Open Space Croft House, Grayingham	Grayingham	Rejected as a LGS	Rejected as a LGS. Designated as Important Open Space	The site has been reconsidered against the LGS criteria but is still not considered to sufficiently meet the criteria, primarily due to the site being a private garden. The site is currently designated in the adopted West Lindsey Local Plan (2006) as Important Open Space and this designation has been carried forward into the Proposed Submission Local Plan.
LGS200	High Street Allotment, Cherry Willingham	Cherry Willingham	Designated as a LGS	LGS designation has been removed.	The site was mistaken for a parish owned, publicly accessible allotment site. As a private allotment with limited access, the site does not sufficiently meet the LGS criteria and therefore has been de-allocated in the Proposed Submission Local Plan.

# Appendix 1: Central Lincolnshire Local Green Space Assessment (Updated April 2016)

## 1. Introduction

This document provides the methodology and rationale for the selection of sites for Local Green Space (LGS) designation in the Central Lincolnshire Proposed Submission Local Plan.

LGS is a new national designation that has been introduced by the Government through the National Planning Policy Framework (NPPF)<sup>1</sup>. Local communities have the opportunity through the development of the Local Plan and Neighbourhood Plans to identify green areas for special protection that are particularly important to them.

The NPPF is clear that LGS designation will not be appropriate for most green areas or open space. Principally, they must be locally special and unique in the benefits that they provide to local communities. Paragraph 77 of the NPPF sets out the criteria for designating LGS Sites. See **Section 2** Methodology for further information on this criteria and how it has been applied in Central Lincolnshire.

Further national guidance on LGS is provided in the National Planning Practice Guidance<sup>2</sup>.

## 2. Methodology

### Step 1 Sites Submissions

The NPPF is clear that it is local communities that should identify potential LGSs, through Local and Neighbourhood Plans. Local communities were given the opportunity to submit LGSs during the Preliminary Draft Local Plan Consultation (October/November 2014) and the Further Draft Local Plan Consultation (October/November 2015). They were asked to provide a map of the space and supporting information as to how they believed the space meets the criteria for Local Green Space designation. Comments were also made on Appendix B of the Draft Plan, which set out the criteria for LGS designation and how it would be applied in Central Lincolnshire.

Additional opportunities for the submission of sites for potential LGS designation were provided in December 2014, when Parish Councils were given an opportunity to submit sites for consideration as part of a verification consultation for the Central Lincolnshire Open Space Audit and Assessment; and again in July 2015, when the City of Lincoln Council provided residents with an opportunity to nominate sites through Your Lincoln, the City Council's resident newsletter<sup>3</sup>. The City of Lincoln Council submitted these nominations as a representation to the Further Draft Local Plan and they are included in the assessment in Appendix 2b.

### Step 3 Site Sieve

Sites submitted for consideration as LGSs were assessed by Officers in the Local Plan Team on a site by site basis. Each site was plotted on GIS and given a unique ID reference number. Unfortunately, on some occasions it was not possible to identify LGS nominations from the information that was provided with the site submission. Reasons for this include the omission of a site map clearly showing the location of the open space and site boundaries and general statements such as all open space in a particular village or parish or just the name of a village. These sites were removed from the assessment process with a justification (see **Appendix 1a**).

<sup>2</sup> <http://planningguidance.planningportal.gov.uk/>

<sup>3</sup> <http://www.lincoln.gov.uk/your-council/news-and-media/your-lincoln/>

A further site sieve was undertaken for those sites that were considered to be an extensive tract of land, not in close proximity to the community they serve, sites that were not accessible at the time of a site visit and sites that were considered to be linear corridors to protect public rights of way. These sites were also removed from further assessment with a justification (see **Appendix 1b**).

## Step 2 Site Assessment

For each site remaining after the site sieving process, information was obtained on planning history, existing designations and status of the site in relation to emerging allocations in the Local Plan. Each site was then visited between April and June 2015, and in February 2016, by a Planning Officer and observations were recorded against the criteria in **Table 2-1**.

The criteria set out in **Table 2-1** has been used to assess LGS submissions. This criteria was consulted on through the Preliminary Draft Local Plan as Appendix B to the Plan, and has been amended to take into account comments made on this part of the Plan.

**Table 2-1.** Explanation of Criteria for designating LGSs in Central Lincolnshire

Local Green Space Criteria	Explanation
1. Are in close proximity to the community they serve	<p>The NPPF does not define 'close proximity'.</p> <p>The Central Lincolnshire Authorities have defined this as a Local Green Space should be in easy walking distance (up to 300m or a 5 minute walk) from the local community it serves and must not be isolated or distant from communities.</p>
2. Are local in character and not an extensive tract of land	<p>The NPPF doesn't define what is considered to be 'an extensive tract of land'.</p> <p>The Central Lincolnshire Authorities have not set a specific size limit for a Local Green Space. Blanket designations of swathes of open countryside adjacent to settlements or long distance linear routes would not be appropriate (for example Green Wedges).</p>
<p>3. Demonstrably special to the local community because of its:</p> <ul style="list-style-type: none"> <li>a. Beauty</li> <li>b. Historic significance</li> <li>c. Recreational value</li> <li>d. Tranquillity</li> <li>e. Richness of its wildlife</li> </ul>	<p>For an open space to be designated as a Local Green Space it must meet at least one of the demonstrably special criteria</p> <ul style="list-style-type: none"> <li>• <b>Beauty:</b> enhances local character, adds to the setting of a building or groups of buildings;</li> <li>• <b>Historic significance:</b> listed building near or on area/open space, provide the setting of and/or views of listed building or historic assets such as a war memorial whose setting needs protecting. Also historic landscape features, such as ancient trees or old hedgerows;</li> <li>• <b>Recreational value:</b> play area, allotments, informal spaces in housing estates, sports and playing fields (not already covered by a designation);</li> <li>• <b>Tranquillity:</b> spaces that are calm and allow for quiet enjoyment and reflection;</li> </ul>

	<ul style="list-style-type: none"> <li>• <b>Richness of its wildlife:</b> provides for biodiversity, geodiversity, known protected species, and/or priority habitats;</li> </ul>
4. Consistent with the local planning of sustainable development and complement investment in sufficient homes, jobs and other essential services.	<p>Local Green Space designations are not normally appropriate for sites with existing planning permission/allocated in the Local Plan or Neighbourhood Plan for other uses unless it can be demonstrated that the Local Green Space can be incorporated within the site as part of the development.</p> <p>The decision to designate areas for Local Green Space protection will be based on a balanced approach, considering all relevant criteria and needs within the area.</p>

### Application of demonstrably special criteria

In relation to the 5 demonstrably special criteria set out above in **Table 2-1**, Local Plan Officers considered the following:

#### Beauty

Whether an open space is beautiful can be open to interpretation. Assessment against this criterion took into account:

- The visual attractiveness of the site as a whole;
- The contribution the site makes to landscape or townscape character and local distinctiveness;
- The contribution the site makes to the physical form and layout of a settlement or neighbourhood.
- Whether the site offers long views through or beyond a settlement or neighbourhood or views of locally valued landmarks.

#### Historic Significance

The assessment of historic significance has been informed by consideration of:

- Whether the site provides a setting for heritage assets or other locally valued landmarks;
- Whether the site contains any historical features, such as ancient trees;
- Whether the site is associated with a historical figure or event;
- Whether there are any regular, historical events such as a village fete that are regularly held on the site;
- The Lincolnshire Historic Environment Record.

#### Recreational Value

Most open spaces will meet this criteria. In general, sites should offer a variety of recreational opportunities, formal or informal.

#### Tranquillity

The Tranquillity Map prepared by the CPRE<sup>4</sup> was used to identify whether a site was located in an area that can be described as tranquil. Sites need to demonstrate a feeling of remoteness and quiet contemplation for the majority of the site and a general lack of artificial noise such as road traffic or nearby industry.

<sup>4</sup> <http://maps.cpre.org.uk/>

### **Richness of Wildlife**

Many open spaces offer some benefit to wildlife. For a site to meet this criterion, there would need to be evidence that it is rich in wildlife, such as records, ecological evidence or expert advice. Sites already designated as a Site of Special Scientific Interest, National or Local Nature Reserve were not considered appropriate for LGS designation as these are considered to be adequately protected by national legislation and other policies in the plan.

- Include a priority habitat as defined in the Lincolnshire Biodiversity Action Plan;
- Include important landscape features, such as veteran trees, ancient woodland or ancient hedgerows;
- Be designated as a Local Wildlife Site.

### **Step 3 Selecting sites for LGS designation**

A detailed database record for each site was created based on information submitted from the consultations identified in step 1 above, site visits and desk based research. A list of sites suitable for LGS designation was drawn from these detailed records along with a justification as to why each site was suitable or why it had been rejected. A total of 74 sites are recommended for designation as a LGS.

**Table 2-2** below identifies whether a site is recommended for designation or not and provides a summary of performance against the NPPF criteria. See section 3 for next steps to formally designate sites as LGS.

A comprehensive assessment against the selection criteria for each submitted space, including site maps, can be viewed in **Appendix 2a and 2b**. The sites are listed by settlement in alphabetical order.

### 3. Next Steps

Sites recommended for designation as LGS listed in **Table 2-2** above are shown on the policies map that accompanies the Proposed Submission Central Lincolnshire Local Plan, scheduled for public consultation April 2016. Those sites not considered to meet the LGS criteria may still be protected under other policies in the Local Plan and/or national or European legislation. Members of the public, landowners and organisations will have an opportunity to comment on the proposed LGS designations as part of the Local Plan consultation.

Following the consultation on the Proposed Submission Local Plan, the Local Plan will be formally submitted to the Secretary of State, together with all representations received at the Proposed Submission stage, for independent examination. The examination will consider whether the proposals in the Local Plan are sound, which may include examination of the LGS designations. Further information on the different stages of Local Plan preparation, including examination and adoption, can be found in the Local Development Scheme on the Central Lincolnshire website<sup>5</sup>.

<b>Is the site in close proximity to the community it serves?</b>	Yes
<b>Which community does the site serve?</b>	Residents of Nocton Village
<b>Demonstrably special: beauty</b>	<b>No.</b> The site is very overgrown and views into and out of the site are restricted. There are a number of mature trees, some of which are protected by TPOs. Provides a setting for the remains of Nocton Hall.
<b>Demonstrably special: historic significance</b>	<b>Yes.</b> Site contains the remains of Nocton Hall former staff house and service buildings, used in World War I and II as a hospital and officers mess. The Hall itself is a Grade II listed building. The site provides the setting of a locally valued landmark.
<b>Demonstrably special: recreational value</b>	<b>No.</b> The site is used by the community for informal recreation, including dog walking, but public access is restricted due to the overgrown nature of the site and security fencing.
<b>Demonstrably special: tranquillity</b>	<b>No.</b> Surrounded by built development (housing and care home) and road noise can be heard within the site. In an area with a high tranquillity score on the CPRE Tranquillity Map
<b>Demonstrably special: richness of wildlife</b>	<b>No.</b> Mature trees and shrubs will provide benefit to wildlife but not aware of any priority habitats and species on site.
<b>Suitable for designation?</b>	<b>Yes</b>
<b>Justification for decision</b>	Designate as a Local Green Space as meets the criteria for designation due to close proximity to the community it serves, it is not an extensive tract of land and it is demonstrably special due to its historical significance.

LGS177. Nocton Playing Field, Nocton

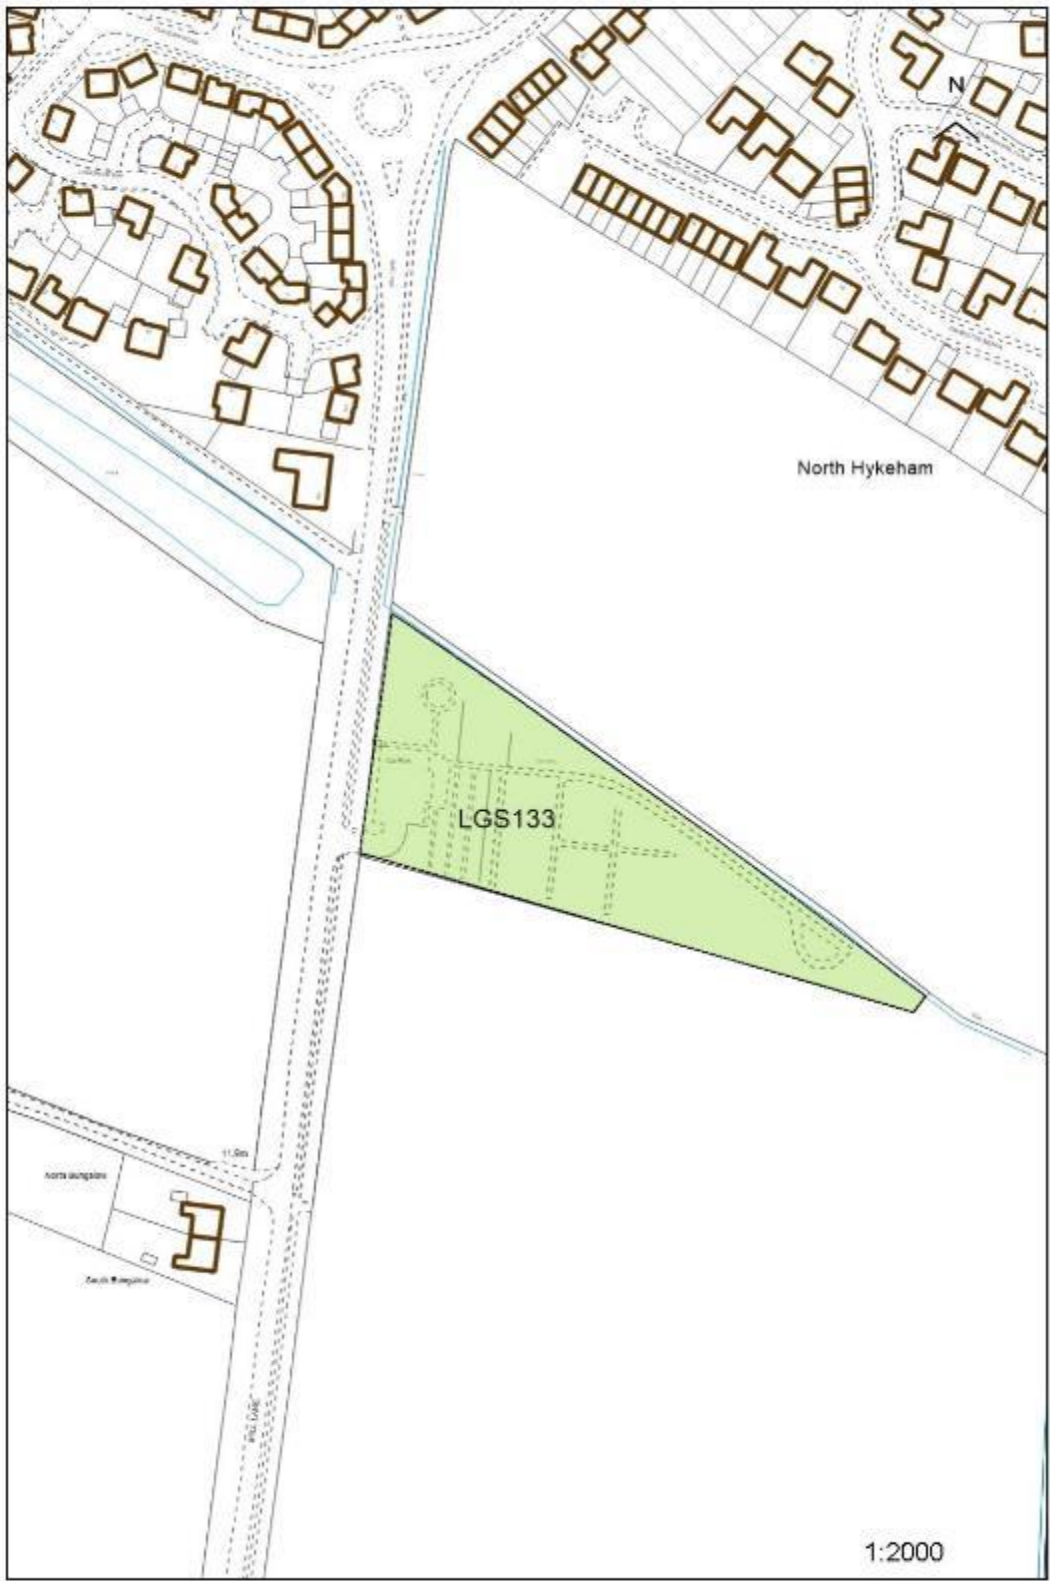

<b>Name of Site</b>	Nocton Playing Field
<b>Site Address</b>	Main Street, Nocton
<b>Parish</b>	Nocton
<b>Is the site already protected by an existing designation/s? e.g. SSSI</b>	Conservation Area
<b>Does the site have Planning Permission?</b>	No
<b>Preferred Allocation for other use on Further Draft Local Plan?</b>	No
<b>Is the site local in character and not an extensive tract of land?</b>	Yes
<b>Is there a smaller area that could still be considered?</b>	n/a
<b>Is the site in close proximity to the community it serves?</b>	Yes
<b>Which community does the site serve?</b>	Nocton Parish residents
<b>Demonstrably special: beauty</b>	<b>No.</b> Site provides open space in the centre of the village but is surrounded by metal fencing and is predominantly a formally mown space with no unique features. There are no views from the site out of the village. The site doesn't contribute to the setting of any buildings or special features but does contribute to the character of the village.
<b>Demonstrably special: historic significance</b>	<b>No.</b> There are no historic buildings on site or association with figures or events.
<b>Demonstrably special: recreational value</b>	<b>Yes.</b> Used by the local primary school for sport and the local community for community activities. Access is restricted as site is surrounded by fencing and the gates are padlocked.
<b>Demonstrably special: tranquillity</b>	<b>No.</b> In an area with a high tranquillity score on the CPRE Tranquillity Map but site is adjacent to main road through village and is surrounded by housing.
<b>Demonstrably special: richness of wildlife</b>	<b>No.</b> Some mature trees to site boundaries will provide benefit to birds and insects but not aware of any priority habitats or species on site.

<b>Is the site in close proximity to the community it serves?</b>	Yes
<b>Which community does the site serve?</b>	Local residents of Nocton village
<b>Demonstrably special: beauty</b>	<b>No.</b> Certain features could be considered beautiful on their own, such as mature trees, but playing fields not considered uniquely beautiful as a whole. Derelict hospital buildings can be seen to the south west and sewage works to the north east. Glimpses of countryside to the east but well screened by trees and hedgerow. Site is not covered by a landscape designation.
<b>Demonstrably special: historic significance</b>	<b>No.</b> No historic buildings or remains on site. There are no historic landscape features. Not aware of association with an historical figure or event.
<b>Demonstrably special: recreational value</b>	<b>Yes.</b> Physically accessible for public use. Tennis courts are in poor state of repair. Junior football goal posts provide opportunities for playing sport. Also used for informal recreation, including dog walking. Only equipped children's play area in Parish which makes it special to young children in the village.
<b>Demonstrably special: tranquillity</b>	<b>No.</b> In an area with a high tranquillity score on the CPRE Tranquillity Map. Edge of village location away from roads. Overlooked by housing to the west. Presence of football goals and children's play equipment indicates site wouldn't be tranquil when these facilities are in use.
<b>Demonstrably special: richness of wildlife</b>	<b>No.</b> Woodland copse would provide some wildlife benefit, but no priority habitats or known priority species on site and site is not designated for wildlife value. No unique wildlife features. Close to nearby woodland, some of which are Sites of Nature Conservation Importance.
<b>Suitable for designation?</b>	<b>Yes</b>
<b>Justification for decision</b>	Designate as a Local Green Space as meets the criteria for designation due to close proximity to the community it serves, it is not an extensive tract of land and it meets the demonstrably special criteria for recreational value. It is the only children's play area in the village and parish.

<b>Is the site local in character and not an extensive tract of land?</b>	Yes
<b>Is there a smaller area that could still be considered?</b>	n/a
<b>Is the site in close proximity to the community it serves?</b>	Yes
<b>Which community does the site serve?</b>	Local residents from surrounding streets. BMX track may attract young people from across North Hykeham.
<b>Demonstrably special: beauty</b>	<b>No.</b> Views out of the site are obstructed by housing. Views of the site from surrounding residential area. No unique features on site. Provides visual amenity.
<b>Demonstrably special: historic significance</b>	<b>No.</b> No historic buildings, remains or landscape features on site.
<b>Demonstrably special: recreational value</b>	<b>Yes.</b> Physically accessible for public use via several entrances. Popular with dog walkers. BMX track is a unique feature not found elsewhere in North Hykeham and will be valued by young people.
<b>Demonstrably special: tranquillity</b>	<b>No.</b> Surrounded by housing and adjacent to children's play area. Road noise can be heard from within the site. The site is in an area with a low tranquillity score as shown on the CPRE Tranquillity Map.
<b>Demonstrably special: richness of wildlife</b>	<b>No.</b> No priority habitats on site. 1 or 2 mature trees which will offer some wildlife benefit.
<b>Suitable for designation?</b>	<b>Yes</b>
<b>Justification for decision</b>	Designate as a Local Green Space with Glebe Play Area as meets the criteria for designation due to close proximity to the community it serves, it is not an extensive tract of land and it has recreational value that is not replicated elsewhere in North Hykeham.

**LGS151.** Chapel Fields Sports Area, North Hykeham

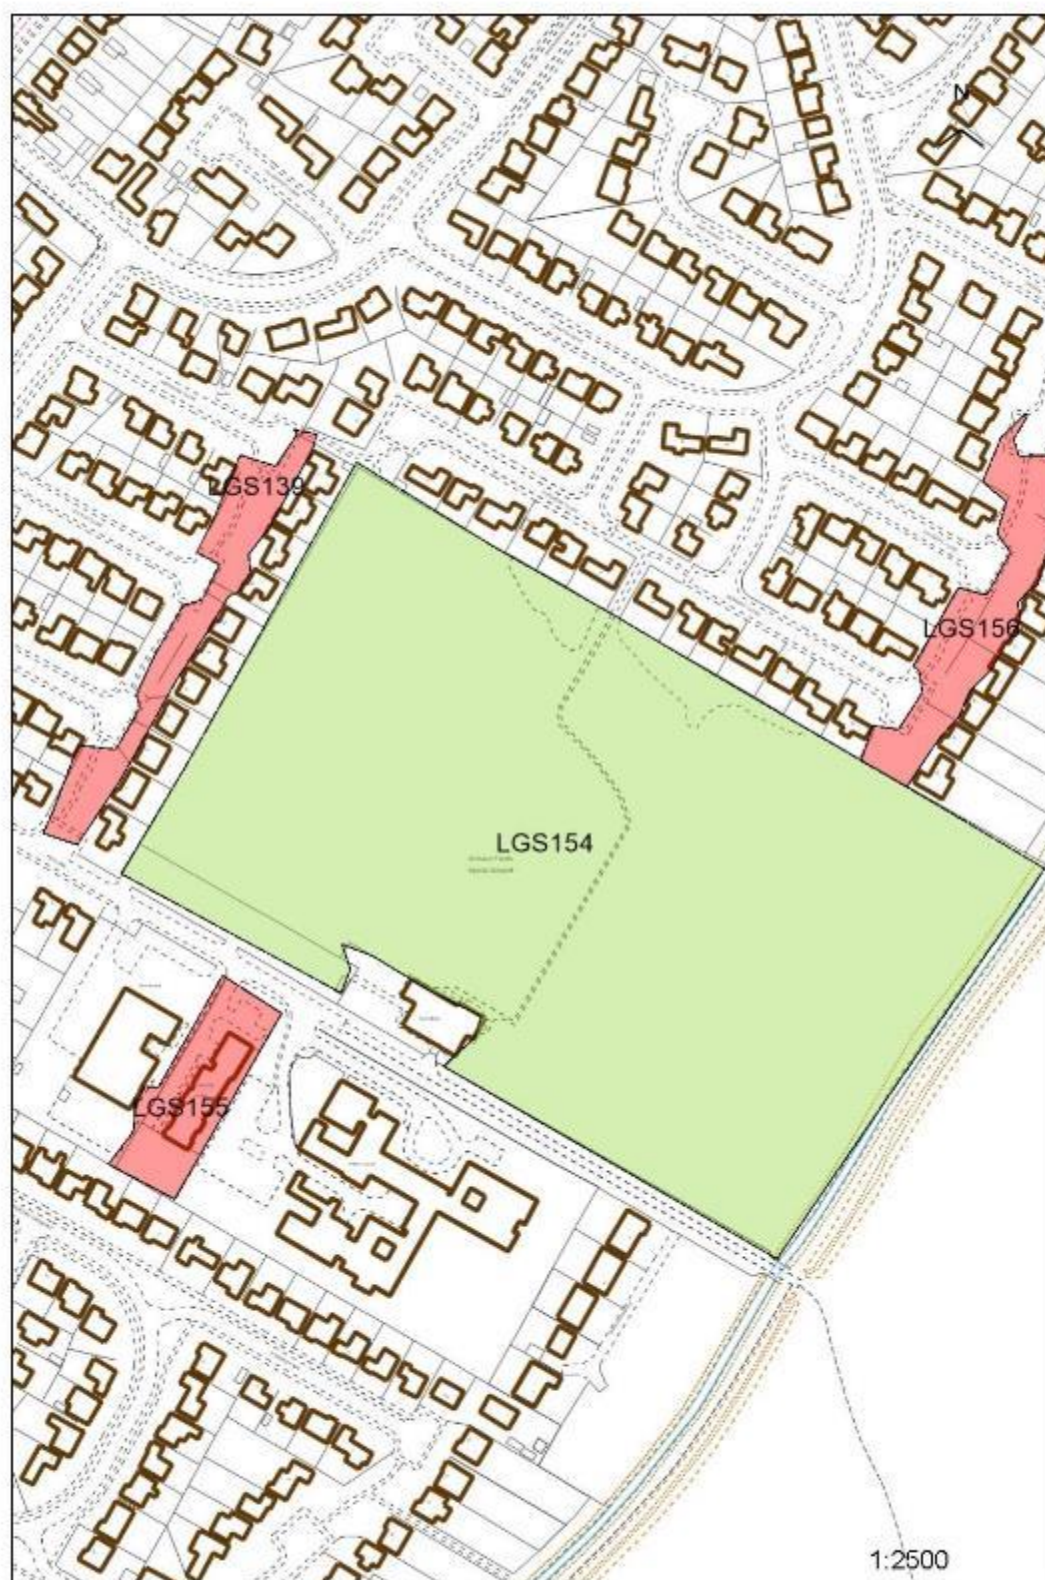

<b>Name of Site</b>	Chapel Fields Sports Area
<b>Site Address</b>	Valerian Place, North Hykeham
<b>Parish</b>	North Hykeham
<b>Is the site already protected by an existing designation/s? e.g. SSSI</b>	No
<b>Does the site have Planning Permission?</b>	Yes. Planning permission and section 106 agreement for 2.25 ha of public open space, to include 1 full and 2 mini size football pitches and a pavilion with changing rooms and function room. The northern half of the site has permission for a primary school.
<b>Preferred Allocation for other use on Further Draft Local Plan?</b>	No
<b>Is the site local in character and not an extensive tract of land?</b>	Yes
<b>Is there a smaller area that could still be considered?</b>	n/a
<b>Is the site in close proximity to the community it serves?</b>	Yes
<b>Which community does the site serve?</b>	Residents of Tiber Road, Valerian Place and other surrounding streets
<b>Demonstrably special: beauty</b>	<b>Yes.</b> Whilst this site isn't considered to be visually attractive, it will make an important contribution to the physical form and layout of the new housing development which surrounds it and it links to existing public open space to the east.
<b>Demonstrably special: historic significance</b>	<b>No.</b> There are no heritage assets or landmarks on site. There are no known historically significant figures or events associated with the site.
<b>Demonstrably special: recreational value</b>	<b>Yes.</b> The site is currently used by the local community for informal recreation and is popular with dog walkers. Once adopted as playing fields, the site will offer opportunities to partake in sporting activities.
<b>Demonstrably special: tranquillity</b>	<b>No.</b> Surrounded by housing and adjacent to children's play area. Road noise can be heard from within the site. The site is in an area with a low tranquillity score as shown on the CPRE Tranquillity Map.
<b>Demonstrably special: richness of wildlife</b>	<b>No.</b> The site has very few features of wildlife value. There is an open water drain to the northern boundary of the site, however this part of the site has been identified for a primary school.
<b>Suitable for designation?</b>	<b>Yes partly</b>
<b>Justification for decision</b>	The site is currently well used by the local community for informal recreation, especially dog walking. The site as submitted for consideration as a Local Green Space has been identified for a primary school, playing fields and a pavilion as part of a new housing development. National Planning Practice Guidance advises that new residential areas may include green areas that were planned as part of the development. Such green areas could be designated as Local Green Space if they are demonstrably special and hold particular local significance. The part of the site identified for a primary school is not suitable for designation as a Local Green Space, however, the southern section of the site is considered to meet the criteria for designation. Designate 2.25ha area identified as public open space in the masterplan for the new housing development.

LGS23. Monson Playing Field, Skellingthorpe

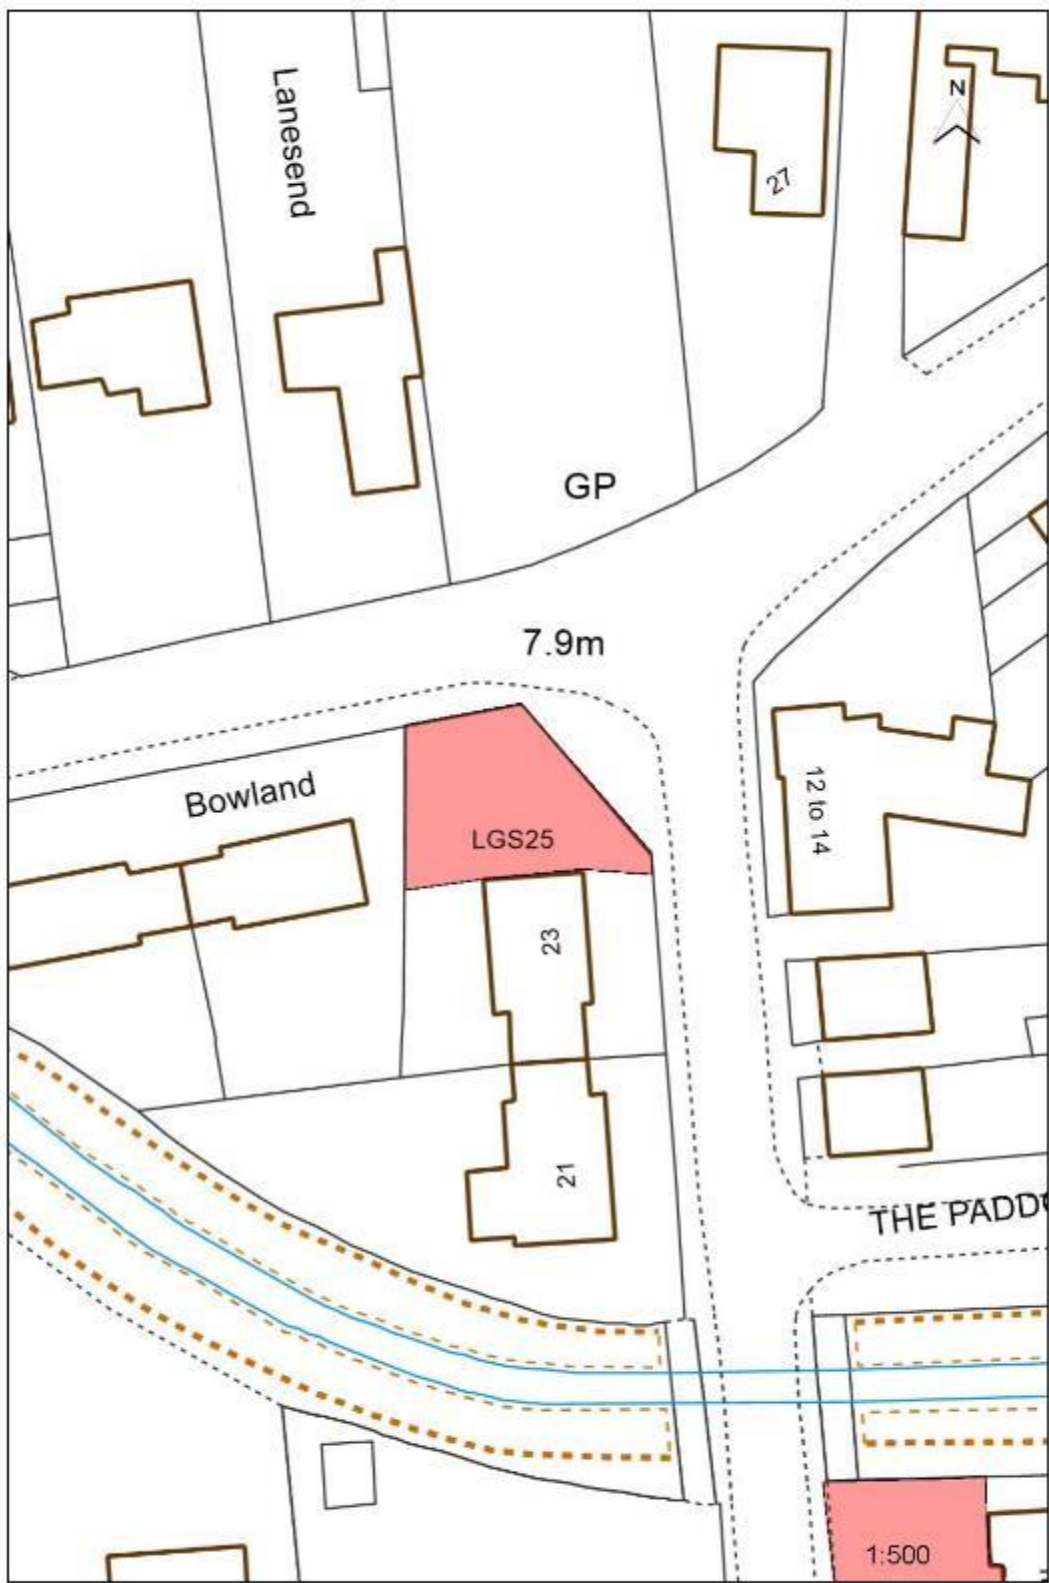

<b>Name of Site</b>	Monson Playing Field
<b>Site Address</b>	Church Road, Skellingthorpe
<b>Parish</b>	Skellingthorpe
<b>Is the site already protected by an existing designation/s? e.g. SSSI</b>	No
<b>Does the site have Planning Permission?</b>	No
<b>Preferred Allocation for other use on Further Draft Local Plan?</b>	No
<b>Is the site local in character and not an extensive tract of land?</b>	Yes
<b>Is there a smaller area that could still be considered?</b>	n/a
<b>Is the site in close proximity to the community it serves?</b>	Yes
<b>Which community does the site serve?</b>	Residents of Skellingthorpe Parish
<b>Demonstrably special: beauty</b>	<b>No.</b> Largest open space in village. Enclosed by surrounding residential areas so site doesn't offer long views and there are no views of the site from the surrounding area. There are no unique features or features of beauty. The site has very little landscaping.
<b>Demonstrably special: historic significance</b>	<b>No.</b> There are no historical buildings or features on site. Not aware of any historical significance.
<b>Demonstrably special: recreational value</b>	<b>Yes.</b> The site is the venue for the annual village gala which would be difficult to hold elsewhere in the village as open space provision is limited. The site is physically accessible by the public by a range of transport modes and via numerous entrances, with a national cycle route running nearby and good footpath connections to surrounding residential areas. Site is primarily used for playing football and bowls, and is popular for informal recreation, including dog walking. This site is the only playing field provision in the parish.
<b>Demonstrably special: tranquillity</b>	<b>No.</b> The site is an area with a low tranquillity score as shown on the CPRE Tranquillity Map. The site is enclosed but is surrounded by housing. As a large site, there will be parts that offer an opportunity for quiet relaxation at certain times of the day, but the main use of the site for sport and children's play means the site cannot be considered to be tranquil as a whole.
<b>Demonstrably special: richness of wildlife</b>	<b>No.</b> The site is not designated for its wildlife value. There are some mature trees, otherwise this site offers formal open space provision with few wildlife features. The site does form part of a series of open spaces in this part of the village contributing to the green infrastructure network.
<b>Suitable for designation?</b>	<b>Yes</b>
<b>Justification for decision</b>	Designate as a Local Green Space as meets the criteria for designation due to close proximity to the community it serves, it is not an extensive tract of land and it meets the demonstrably special criteria for recreation value.

**LGS26.** Amenity Space behind Old Oak Rise, Skellingthorpe

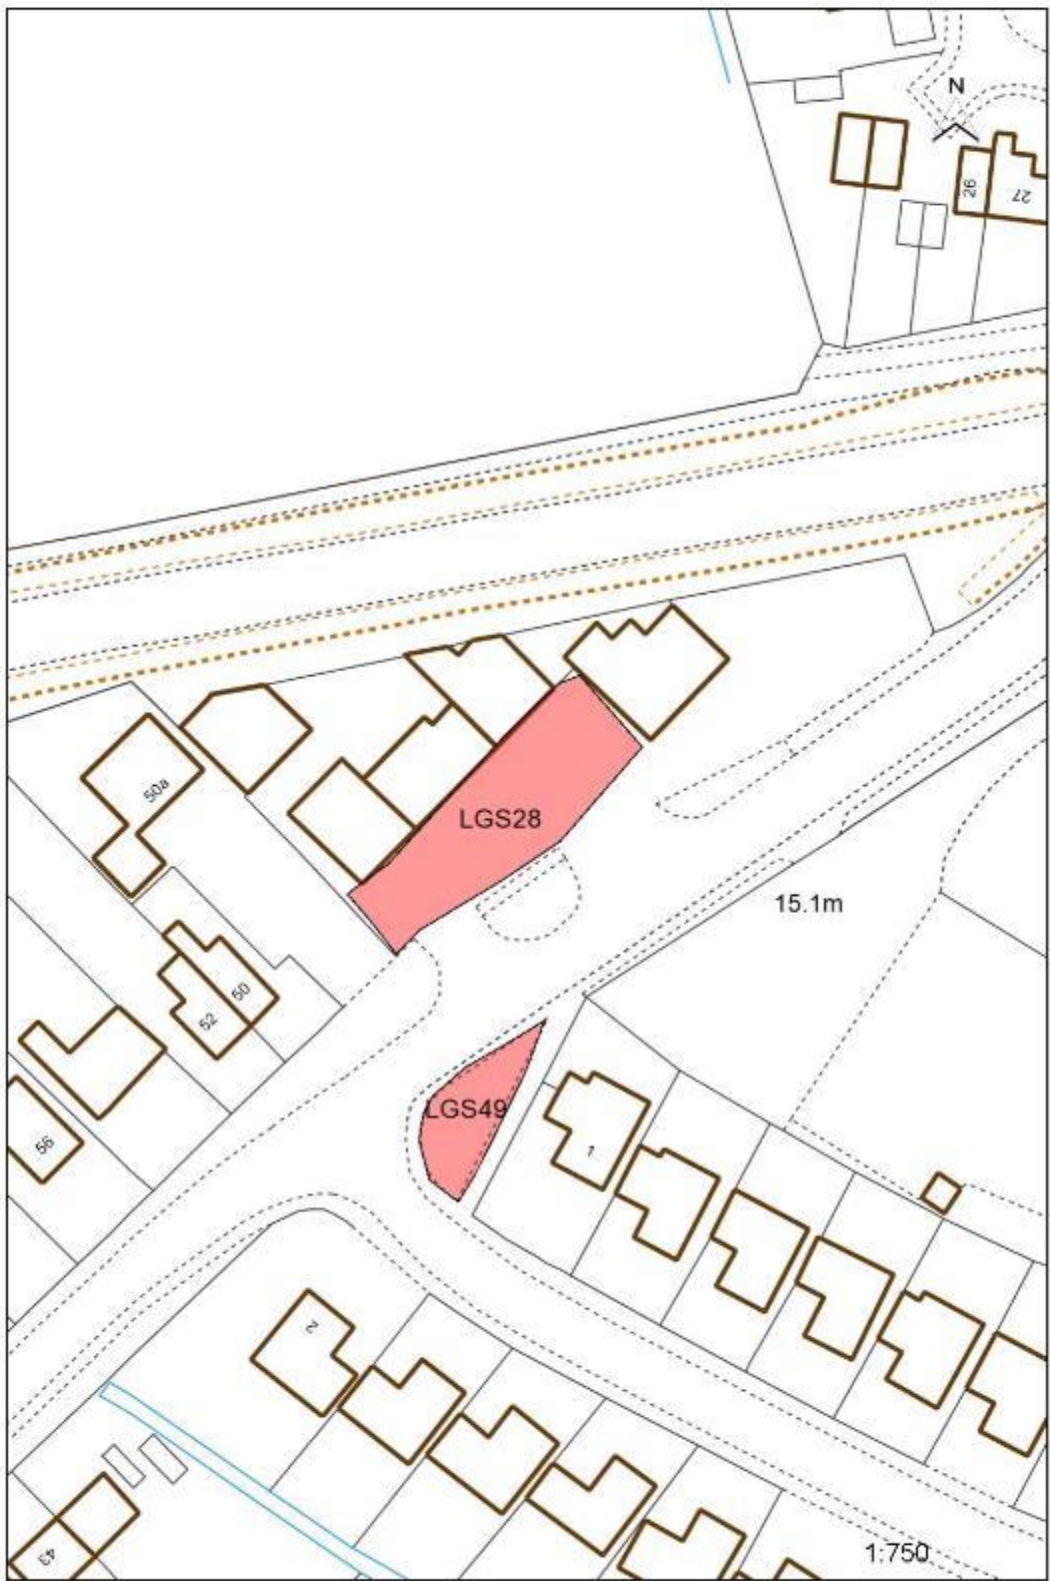

<b>Name of Site</b>	Amenity Space behind Old Oak Rise
<b>Site Address</b>	Old Oak Rise, Skellingthorpe
<b>Parish</b>	Skellingthorpe
<b>Is the site already protected by an existing designation/s? e.g. SSSI</b>	No
<b>Does the site have Planning Permission?</b>	No
<b>Preferred Allocation for other use on Further Draft Local Plan?</b>	No
<b>Is the site local in character and not an extensive tract of land?</b>	Yes
<b>Is there a smaller area that could still be considered?</b>	n/a
<b>Is the site in close proximity to the community it serves?</b>	Yes
<b>Which community does the site serve?</b>	Residents of Skellingthorpe Parish
<b>Demonstrably special: beauty</b>	<b>No.</b> Largely consists of formally mown grass.
<b>Demonstrably special: historic significance</b>	<b>Yes.</b> The site is connected to Skellingthorpe's railway and airfield past and therefore played an important role in the historical development of the village. The heritage room houses displays detailing Skellingthorpe's airfield history. The room itself is a former weighbridge office of Skellingthorpe railway station.
<b>Demonstrably special: recreational value</b>	<b>No.</b> The site offers a place for young people to 'hang out' but otherwise there are few recreational opportunities.

<b>Site Address</b>	Lower Church Road, Skellingthorpe
<b>Parish</b>	Skellingthorpe
<b>Is the site already protected by an existing designation/s? e.g. SSSI</b>	No
<b>Does the site have Planning Permission?</b>	No
<b>Preferred Allocation for other use on Further Draft Local Plan?</b>	No
<b>Is the site local in character and not an extensive tract of land?</b>	Yes
<b>Is there a smaller area that could still be considered?</b>	n/a
<b>Is the site in close proximity to the community it serves?</b>	Yes
<b>Which community does the site serve?</b>	Residents of Skellingthorpe Parish
<b>Demonstrably special: beauty</b>	<b>Yes.</b> The site is visually attractive and contributes to local identity through features such as the war memorial, sign of the village crest and the beck which runs through the site.
<b>Demonstrably special: historic significance</b>	<b>Yes.</b> The site provides a setting for a locally valued historical landmark. A memorial in remembrance of those who served at RAF Skellingthorpe during WWII is located on site. An annual memorial service is held around the memorial. The community centre and youth club are on the site of the former railway station.
<b>Demonstrably special: recreational value</b>	<b>Yes.</b> There is an outdoor gym on site with a range of equipment. Seating offers opportunities for informal recreation.
<b>Demonstrably special: tranquillity</b>	<b>No.</b> The site is an area with a low tranquillity score as shown on the CPRE Tranquillity Map. The site is adjacent to the community centre car park and close to Lincoln Road, one of the main routes into the village therefore there would be few opportunities for quiet relaxation.
<b>Demonstrably special: richness of wildlife</b>	<b>No.</b> The site is not designated for wildlife value and is not a local priority habitat. There are some features such as trees and a small beck, that may provide some benefit to wildlife. The site does form part of the wider green infrastructure network.
<b>Suitable for designation?</b>	<b>Yes</b>
<b>Justification for decision</b>	Designate as a Local Green Space as meets the criteria for designation due to close proximity to the community it serves, it is not an extensive tract of land and it meets the demonstrably special criteria for beauty, historical significance and recreational value.

**LGS39.** Skellingthorpe Play Area, Skellingthorpe

**LGS180.** Lollycocks Field, Sleaford

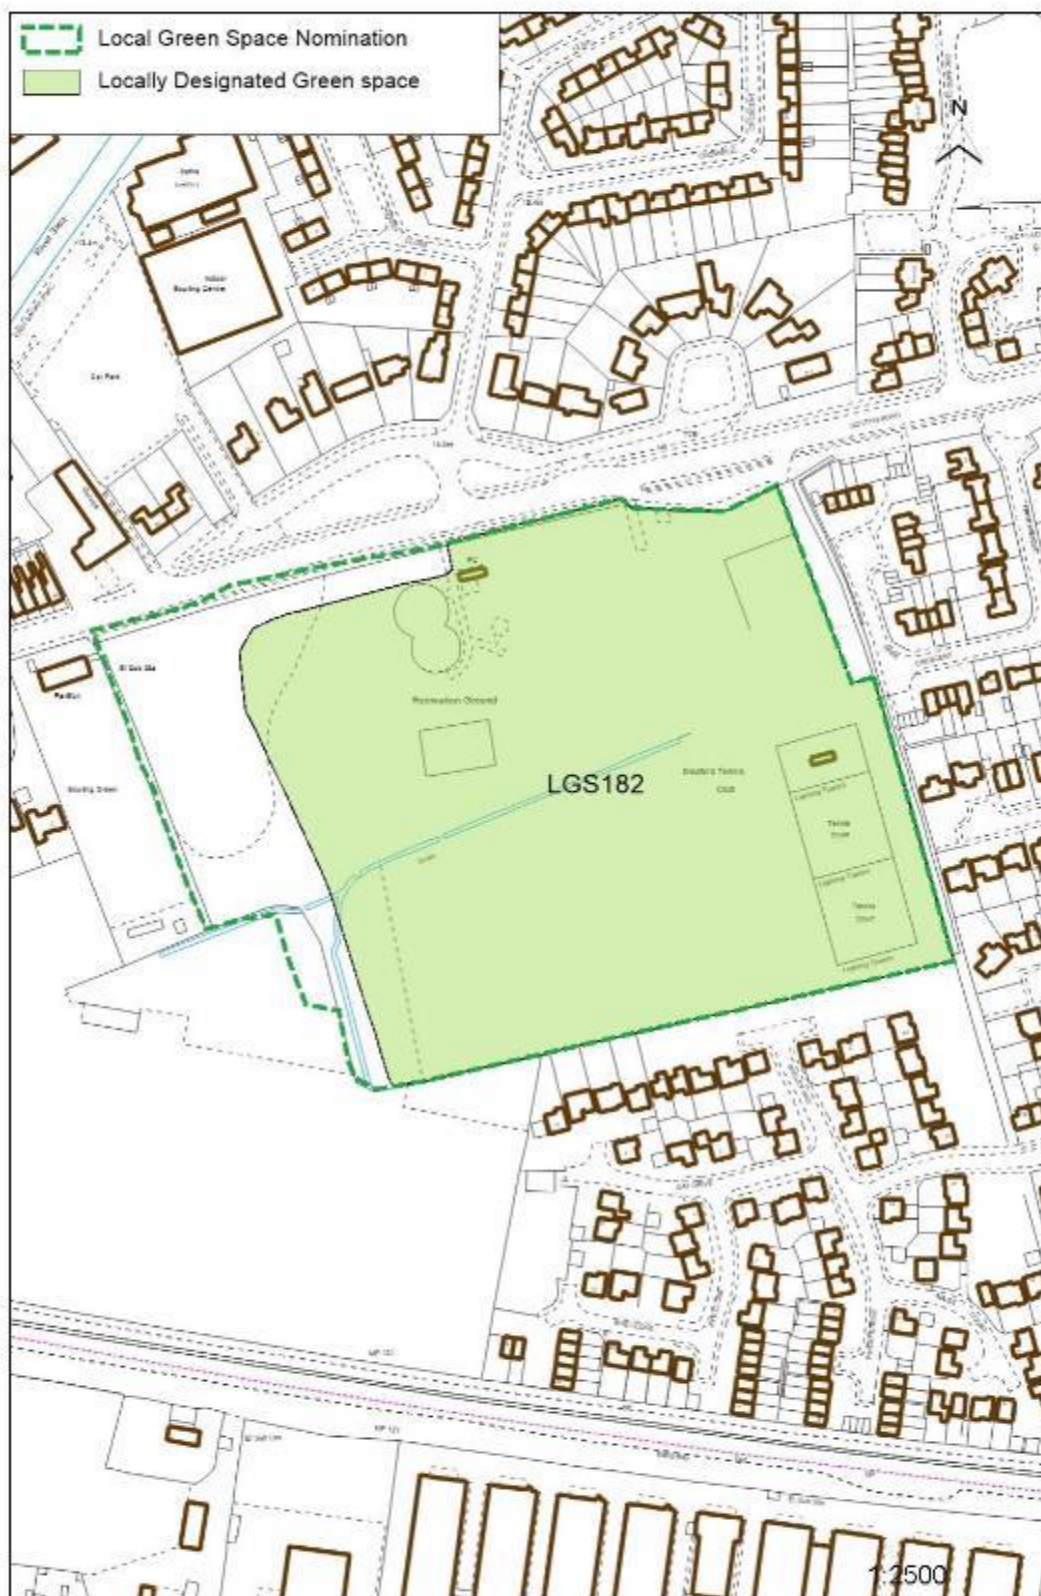

<b>Name of Site</b>	Lollycocks Field
<b>Site Address</b>	Eastgate, Sleaford
<b>Parish</b>	Sleaford
<b>Is the site already protected by an existing designation/s? e.g. SSSI</b>	Yes. It is a Local Nature Reserve and in Sleaford Conservation Area.
<b>Does the site have Planning Permission?</b>	No
<b>Preferred Allocation for other use on Further Draft Local Plan?</b>	Shown as a Local Nature Reserve on the Policies Map
<b>Is the site local in character and not an extensive tract of land?</b>	Yes
<b>Is there a smaller area that could still be considered?</b>	n/a
<b>Is the site in close proximity to the community it serves?</b>	Yes
<b>Which community does the site serve?</b>	Sleaford residents, residents from surrounding settlements and visitors to Sleaford.
<b>Demonstrably special: beauty</b>	<b>Yes.</b> The site as a whole has a special beauty along the River Slea close to the centre of Sleaford. The site makes an important contribution to the character and setting of Sleaford. There are long views along the River Slea and out towards the open countryside
<b>Demonstrably special: historic significance</b>	<b>No.</b> There are no buildings or features of historical significance on the site or association with an historical figure or event. The site was mentioned in the Doomsday Book of 1086 as a pasture playing host to occasional travelling fairs.
<b>Demonstrably special: recreational value</b>	<b>Yes.</b> The site is accessible to the public, including by wheelchair. The site offers opportunities for informal recreation (walking, dog walking) and enjoyment of nature, such as pond dipping, not found elsewhere along the River Slea.
<b>Demonstrably special: tranquillity</b>	<b>No.</b> The site is an area with a low tranquillity score as shown on the CPRE Tranquillity Map. The site is adjacent to the busy A153, one of the main roads into Sleaford, and NKDC Council car park. There is seating throughout the site that offers opportunities for relaxation.
<b>Demonstrably special: richness of wildlife</b>	<b>Yes.</b> The site is a LNR and LWS. It offers wildflower and wetland meadow habitat and forms part of the River Slea corridor. Conservation events are held throughout the year for volunteers and school groups.
<b>Suitable for designation?</b>	<b>No</b>
<b>Justification for decision</b>	Not suitable for designation as a Local Green Space. Already protected as a LNR and associated legislation and therefore designation as a Local Green Space is unlikely to bring any additional benefits.

<b>Demonstrably special: beauty</b>	<b>No.</b> The site is located within the built up area of the village and is hidden from view from the main roads through the village. It is surrounded by housing, so there are no views through or beyond the site. As the site is self-contained, it doesn't contribute to the setting of the village or local character.
<b>Demonstrably special: historic significance</b>	<b>No.</b> There was no visual evidence of historic buildings, remains or features on site. There are no records relevant to the site on the Lincolnshire Historic Environment Record. There has been no further supporting information suggesting the site has any historic significance.
<b>Demonstrably special: recreational value</b>	<b>Yes.</b> The site is locally significant for informal recreation. It is physically accessible to the public and access is encouraged by the Parish Council. There was visual evidence of dog walking and walking on a site visit. Sports activities and ball games are discouraged.
<b>Demonstrably special: tranquillity</b>	<b>No.</b> The site is in an area with a low tranquillity score on the CPRE Tranquillity Map. Road noise can be heard from within the site.
<b>Demonstrably special: richness of wildlife</b>	<b>Yes.</b> The site is not currently designated for its wildlife value, however the Parish Council is working with the County Council and the local community to bring the site up to the necessary standard to request Local Nature Reserve Status. The Beck runs through the site and there are two ponds. Ponds are a priority habitat in the Lincolnshire Biodiversity Action Plan. There are a number of mature trees and shrubs along the site boundaries. The site is being managed with wildlife in mind.
<b>Suitable for designation?</b>	<b>Yes</b>
<b>Justification for decision</b>	Designate as a Local Green Space as meets the criteria for designation due to close proximity to the community it serves, it is not an extensive tract of land and it meets the demonstrably special criteria for recreation and wildlife value.
