

Central Lincolnshire Local Plans Timetable

March 2024

It is a requirement for Local Planning Authorities to provide an up-to-date Local Plan Timetable.¹

Local Plan

The latest Central Lincolnshire Local Plan was adopted on 13 April 2023 and is the joint plan for the districts of City of Lincoln, North Kesteven and West Lindsey. The Local Plan provides planning policy across Central Lincolnshire (an area which covers the districts of City of Lincoln, North Kesteven and West Lindsey) and provides planning policies relating to development and the environment. This includes policies relating to housing, economic development, historic environment, natural environment, site allocations, climate change, and more.

Since its adoption, the performance of the plan will be monitored, and a review will take place within five years of its adoption to consider whether the plan needs to be updated. There is no intention of early review at this time, but the situation will be kept under review.

Authority-wide Design Code

As is required in section 15F(1) of the Levelling Up and Regeneration Act 2023, it is intended that an Authority-Wide Design Code for Central Lincolnshire will be produced as a Supplementary Plan. This Authority-wide Design Code will cover the entirety of the Central Lincolnshire area. It will provide codes and guidance for the area and will allow localised design codes to be produced for sites and areas by developers, communities, and individual districts.

Other Supplementary Plans

There are currently no plans for any further Supplementary Plans.

Local Plans Timetable

The table below sets out the anticipated timetable for all Local Plans and Supplementary Plans intended to be produced by the Central Lincolnshire Joint Strategic Planning Committee at March 2024. This timetable comes into effect from March 2024 and will be kept under review and updated as necessary.
